

Federal Deposit Insurance Corporation

§ 347.215

as would be permissible for a corporation organized under section 25(a) of the Federal Reserve Act (12 U.S.C. 611 *et seq.*) and implementing rules and regulations administered by the FRB (12 CFR 211).

§ 347.215 Exemptions from deposit insurance requirement.

(a) *Deposit activities not requiring insurance.* A State branch will not be considered to be engaged in domestic retail deposit activity that requires the foreign bank parent to establish an insured U.S. bank subsidiary if the State branch accepts initial deposits only in an amount of less than an amount equal to the SMDIA that are derived solely from the following:

(1) Individuals who are not citizens or residents of the United States at the time of the initial deposit;

(2) Individuals who:

(i) Are not citizens of the United States;

(ii) Are residents of the United States; and

(iii) Are employed by a foreign bank, foreign business, foreign government, or recognized international organization;

(3) Persons (including immediate family members of natural persons) to whom the branch or foreign bank (including any affiliate thereof) has extended credit or provided other non-deposit banking services within the past twelve months or has entered into a written agreement to provide such services within the next twelve months;

(4) Foreign businesses, large United States businesses, and persons from whom an Edge or agreement corporation may accept deposits under 12 CFR 211.6(a)(1);

(5) Any governmental unit, including the United States government, any state government, any foreign government and any political subdivision or agency of any of the foregoing, and recognized international organizations;

(6) Persons who are depositing funds in connection with the issuance of a financial instrument by the branch for the transmission of funds or the transmission of such funds by any electronic means; and

(7) Any other depositor, but only if:

(i) The branch's average deposits under this paragraph (a)(7) do not exceed one percent of the branch's average total deposits, as calculated under paragraph (a)(7)(ii) if this section (*de minimis* exception).

(ii) For purposes of calculating this exception:

(A) The branch's average deposits under this paragraph and the average total deposits must be computed by summing the close of business figures for each of the last 30 calendar days, ending with and including the last day of the calendar quarter, and dividing the resulting sum by 30;

(B) For days on which the branch is closed, balances from the last previous business day are to be used;

(C) The branch may exclude deposits in the branch of other offices, branches, agencies or wholly owned subsidiaries of the bank to determine its average deposits;

(D) The branch must not solicit deposits from the general public by advertising, display of signs, or similar activity designed to attract the attention of the general public; and

(E) A foreign bank that has more than one state branch in the same state may aggregate deposits in such branches (excluding deposits of other branches, agencies or wholly owned subsidiaries of the bank) for the purpose of this paragraph (a)(7).

(b) *Application for an exemption.* (1) Whenever a foreign bank proposes to accept at a State branch initial deposits of less than an amount equal to the SMDIA and such deposits are not otherwise exempted under paragraph (a) of this section, the foreign bank may apply to the FDIC for consent to operate the branch as a noninsured branch. The Board of Directors may exempt the branch from the insurance requirement if the branch is not engaged in domestic retail deposit activities requiring insurance protection. The Board of Directors will consider the size and nature of depositors and deposit accounts, the importance of maintaining and improving the availability of credit to all sectors of the United States economy, including the international trade finance sector of the United

States economy, whether the exemption would give the foreign bank an unfair competitive advantage over United States banking organizations, and any other relevant factors in making this determination.

(2) Procedures for applications under this section are set out in § 303.186.

(c) Transition period. A noninsured state branch may maintain a retail deposit lawfully accepted prior to April 1, 1996 pursuant to regulations in effect prior to July 1, 1998:

(1) If the deposit qualifies pursuant to paragraph (a) or (b) of this section; or

(2) If the deposit does not qualify pursuant to paragraph (a) or (b) of this section, in the case of a time deposit, no later than the first maturity date of the time deposit after April 1, 1996.

§ 347.216 Depositor notification.

Any state branch that is exempt from the insurance requirement pursuant to § 347.215 shall:

(a) Display conspicuously at each window or place where deposits are usually accepted a sign stating that deposits are not insured by the FDIC; and

(b) Include in bold face conspicuous type on each signature card, passbook, and instrument evidencing a deposit the statement "This deposit is not insured by the FDIC"; or require each depositor to execute a statement which acknowledges that the initial deposit and all future deposits at the branch are not insured by the FDIC. This acknowledgment shall be retained by the branch so long as the depositor maintains any deposit with the branch. This provision applies to any negotiable certificates of deposit made in a branch on or after July 6, 1989, as well as to any renewals of such deposits which become effective on or after July 6, 1989.
