subsidiaries consolidated for the most recently completed fiscal year.

(4) Computational note: For purposes of making the prescribed income test the following guidance should be applied:

(i) When a loss has been incurred by either the parent or its consolidated subsidiaries or the tested subsidiary, but not both, the equity in the income or loss of the tested subsidiary should be excluded from the income of the State savings association and its subsidiaries consolidated for purposes of the computation.

(ii) If income of the State savings association and its subsidiaries consolidated for the most recent fiscal year is at least 10 percent lower than the average of the income for the last five fiscal years, such average income should be substituted for purposes of the computation. Any loss years should be omitted for purposes of computing average income.

§ 390.382 Qualification of public accountant.

(See also 17 CFR 210.2–01.) The term “qualified public accountant” means a certified public accountant or licensed public accountant certified or licensed by a regulatory authority of a State or other political subdivision of the United States who is in good standing as such under the laws of the jurisdiction where the home office of the registrant to be audited is located. Any person or firm who is suspended from practice before the Securities and Exchange Commission or other governmental agency is not a “qualified public accountant” for purposes of this section.

§ 390.383 Condensed financial information [Parent only].

(a) The information prescribed by Schedule III required by section IV of the appendix to §390.384 shall be presented in a note to the financial statements when the restricted net assets (17 CFR 210.4–08(e)(3)) of consolidated subsidiaries exceed 25 percent of consolidated net assets as of the end of the most recently completed fiscal year. The investment in and indebtedness of and to State savings association subsidiaries shall be stated separately in the condensed balance sheet from amounts for other subsidiaries; and the amount of cash dividends paid to the parent State savings association for each of the last three years by the State savings association subsidiaries shall be stated separately in the condensed income statement from amounts for other subsidiaries.

(b) For purposes of the above test, restricted net assets of consolidated subsidiaries shall mean that amount of the State savings association’s proportionate share of net assets of consolidated subsidiaries (after intercompany eliminations) which as of the end of the most recent year may not be transferred to the parent company by subsidiaries in the form of loans, advances, or cash dividends without the consent of a third party (i.e., lender, regulatory agency, foreign government, etc.).

(c) Where restrictions on the amount of funds which may be loaned or advanced differ from the amount restricted as to transfer in the form of cash dividends, the amount least restrictive to the subsidiary shall be used. Redeemable preferred stocks (See item I (22) in the appendix to §390.384) and minority interest (See item I (21) in the appendix to §390.384) shall be deducted in computing net assets for purposes of this test.
