§ 120.900

Loan since the date of application, and must furnish interim financial statements, current within 120 days of closing; and

(c) The CDC must issue an opinion to the best of its knowledge that there has been no unremedied substantial adverse change in the Borrower’s (or Operating Company’s) ability to repay the 504 loan since its submission of the loan application to SBA.

PERMANENT FINANCING

§ 120.900 Sources of permanent financing.

Permanent financing for each Project must come from three sources: the Borrower’s contribution, Third-Party Loans, and the 504 loan. Typically, the Borrower contributes 10 percent of the permanent financing, Third-Party Loans 50 percent and the 504 loan 40 percent.

§ 120.910 Borrower contributions.

(a) The Borrower must contribute to the Project cash (or property acceptable to SBA obtained with the cash) or land (that is part of the Project Property), in an amount equal to the following percentage of the Project cost, excluding administrative costs:

(1) At least 15 percent, if the Borrower (or Operating Company if the Borrower is an Eligible Passive Company) has operated for two years or less;

(2) At least 15 percent, if the Project involves the acquisition, construction, conversion, or expansion of a limited or single purpose building or structure;

(3) At least 20 percent, if the Project involves conditions described in paragraphs (a)(1) and (2) of this section; or

§ 120.912 Borrowed contributions.

The Borrower may borrow its cash contribution from the CDC or a third party. If any of the contribution is borrowed, the interest rate must be reasonable. If the loan is secured by any of the Project assets, the loan must be subordinate to the liens securing the 504 Loan, and the loan may not be repaid at a faster rate than the 504 Loan unless SBA gives prior written approval. A third party lender may not receive voting rights, stock options, or any other actual or potential voting interest in the small business.

§ 120.913 Limitations on any contributions by a Licensee.

Subject to part 107 of this chapter, a Licensee may provide financing for all or part of the Borrower’s contribution to the Project. SBA will consider Licensee funds to be derived from federal sources if the Licensee has Leverage (as defined in §107.50 of this chapter). If the Licensee does not have Leverage, SBA will consider the investment to be from private funds. Licensee financing must be subordinated to the 504 loan and must not be repaid at a faster rate than the Debenture. (Refer to §120.930(a) for additional limitations.)
