§ 91.1073 Training program: General.
(a) Each program manager must have a training program and must:
   (1) Establish, obtain the appropriate initial and final approval of, and pro-
   vide a training program that meets this subpart and that ensures that each
   crewmember, including each flight at-
   tendant if the program manager uses a
   flight attendant crewmember, flight
   instructor, check pilot, and each per-
   son assigned duties for the carriage and
   handling of hazardous materials (as de-
   fined in 49 CFR 171.8) is adequately
   trained to perform these assigned du-
   ties.
   (2) Provide adequate ground and
   flight training facilities and properly
   qualified ground instructors for the
   training required by this subpart.
   (3) Provide and keep current for each
   aircraft type used and, if applicable,
   the particular variations within the
   aircraft type, appropriate training ma-
   terial, examinations, forms, instruc-
   tions, and procedures for use in con-
   ducting the training and checks re-
   quired by this subpart.
   (4) Provide enough flight instructors,
   check pilots, and simulator instructors
   to conduct required flight training and
   flight checks, and simulator training
   courses allowed under this subpart.
   (b) Whenever a crewmember who is
   required to take recurrent training
   under this subpart completes the train-
   ing in the month before, or the month
   after, the month in which that training
   is required, the crewmember is consid-
   ered to have completed it in the month
   in which it was required.
   (c) Each instructor, supervisor, or
   check pilot who is responsible for a
   particular ground training subject, seg-
   ment of flight training, course of train-
   ing, flight check, or competence check
   under this subpart must certify as to
   the proficiency and knowledge of the
   crewmember, flight instructor, or
   check pilot concerned upon completion
   of that training or check. That certifi-
   cation must be made a part of the
   crewmember’s record. When the certifi-
   cation required by this paragraph is
   made by an entry in a computerized
   recordkeeping system, the certifying
   instructor, supervisor, or check pilot,
   must be identified with that entry.
   However, the signature of the certi-
   fying instructor, supervisor, or check
   pilot is not required for computerized
   entries.
   (d) Training subjects that apply to
   more than one aircraft or crewmember
   position and that have been satisfac-
   torily completed during previous train-
   ing while employed by the program
   manager for another aircraft or an-
   other crewmember position, need not
   be repeated during subsequent training
   other than recurrent training.
   (e) Aircraft simulators and other
   training devices may be used in the
   program manager’s training program if
   approved by the Administrator.
   (f) Each program manager is respon-
   sible for establishing safe and efficient
   crew management practices for all
   phases of flight in program operations
   including crew resource management
   training for all crewmembers used in
   program operations.
   (g) If an aircraft simulator has been
   approved by the Administrator for use
   in the program manager’s training pro-
   gram, the program manager must en-
   sure that each pilot annually com-
   pletes at least one flight training ses-
   sion in an approved simulator for at
   least one program aircraft. The train-
   ing session may be the flight training
   portion of any of the pilot training or
   check requirements of this subpart, in-
   cluding the initial, transition, upgrade,
   requalification, differences, or recur-
   rent training, or the accomplishment
   of a competency check or instrument
   proficiency check. If there is no ap-
   proved simulator for that aircraft type
   in operation, then all flight training
   and checking must be accomplished in
   the aircraft.

§ 91.1075 Training program: Special
rules.

Other than the program manager, the following are eligible under this subpart to conduct training, testing, and checking under contract or
