been made, the minimum requirements shall be as follows:

(1) A bid guarantee from each bidder equivalent to five percent of the bid price. The "bid guarantee" shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder shall, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.

(2) A performance bond on the part of the contractor for 100 percent of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.

(3) A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by statute of all persons supplying labor and material in the execution of the work provided for in the contract.

(4) Where bonds are required in the situations described in this part, the bonds shall be obtained from companies holding certificates of authority as acceptable sureties pursuant to 31 CFR part 223, "Surety Companies Doing Business with the United States."

(d) All negotiated contracts (except those for less than the simplified acquisition threshold) awarded by recipients shall include a provision to the effect that the recipient, the DoC, the Comptroller General of the United States, or any of their duly authorized representatives, shall have access to any books, documents, papers and records of the contractor which are directly pertinent to a specific program for the purpose of making audits, examinations, excerpts and transcriptions.

(e) All contracts, including small purchases, awarded by recipients and their contractors shall contain the procurement provisions of Appendix A to this part, as applicable.
and explanation of cost overruns or high unit costs.
(e) Recipients shall not be required to submit more than the original and two copies of performance reports.
(f) Recipients shall immediately notify the DoC operating unit of developments that have a significant impact on the award-supported activities. Also, notification shall be given in the case of problems, delays, or adverse conditions which materially impair the ability to meet the objectives of the award. This notification shall include a statement of the action taken or contemplated, and any assistance needed to resolve the situation.
(g) The DoC may make site visits, as needed.
(h) Federal awarding agencies shall comply with clearance requirements of 5 CFR part 1320 when requesting performance data from recipients.

§ 14.52 Financial reporting.
(a) The following forms or such other forms as may be approved by OMB are authorized for obtaining financial information from recipients:
(1) SF–269 or SF–269A, Financial Status Report.
(i) Each DoC award shall require recipients to use the SF–269 or SF–269A to report the status of funds for all nonconstruction projects or programs. The DoC, however, has the option of not requiring the SF–269 or SF–269A when the SF–270, Request for Advance or Reimbursement, or SF–272, Report of Federal Cash Transactions, is determined to provide adequate information to meet its needs, except that a final SF–269 or SF–269A shall be required at the completion of the project when the SF–270 is used only for advances.
(ii) The DoC shall prescribe whether the report shall be on a cash or accrual basis. If the DoC requires accrual information and the recipient’s accounting records are not normally kept on the accrual basis, the recipient shall not be required to convert its accounting system, but shall develop such accrual information through best estimates based on an analysis of the documentation on hand.
(iii) The DoC shall determine the frequency of the Financial Status Report for each project or program, considering the size and complexity of the particular project or program. However, the report shall not be required more frequently than quarterly or less frequently than annually. A final report shall be required at the completion of the agreement.
(iv) The DoC shall require recipients to submit the SF–269 or SF–269A (an original and no more than two copies) no later than 30 days after the end of each specified reporting period for quarterly and semi-annual reports, and 90 calendar days for annual and final reports. Extensions of reporting due dates may be approved by the Grants Officer upon request of the recipient.
(i) When funds are advanced to recipients the DoC shall require each recipient to submit the SF–272 and, when necessary, its continuation sheet, SF–272a. The DoC shall use this report to monitor funds advanced to recipients and to obtain disbursement information for each agreement with the recipients.
(ii) The DoC may require forecasts of Federal funds requirements in the “Remarks” section of the report.
(iii) When practical and deemed necessary, the DoC may require recipients to report in the “Remarks” section the amount of advances received in excess of three days. Recipients shall provide short narrative explanations of actions taken to reduce the excess balances.
(iv) Recipients shall be required to submit not more than the original and two copies of the SF–272 15 calendar days following the end of each quarter. The Grants Officer may require a monthly report from those recipients receiving advances totaling $1 million or more per year.
(v) The Grants Officer may waive the requirement for submission of the SF–272 for any one of the following reasons:
(A) When monthly advances do not exceed $25,000 per recipient, provided that such advances are monitored through other forms contained in this section;
(B) If, in the Grants Officer’s opinion, the recipient’s accounting controls are adequate to minimize excessive Federal advances; or
