§ 4.3 Records under the FOIA.

(a) Records under the FOIA include all Government records, regardless of format, medium or physical characteristics, and include electronic records and information, audiotapes, videotapes, and photographs.

(b) Under the FOIA, the Department has no obligation to create, compile, or obtain from outside the Department a record to satisfy a request. In complying with a request for electronic data, whether the Department creates or compiles records (as by undertaking significant programming work) or merely extracts them from an existing database may be unclear. The Department shall in any case undertake reasonable efforts to search for the information in electronic format.

(c) Department officials may, upon request, create and provide new records pursuant to user fee statutes, such as the first paragraph of 15 U.S.C. 1525, or in accordance with authority otherwise provided by law. Such creation and provision of records is outside the scope of the FOIA.

(d) Components shall preserve all correspondence pertaining to the requests they receive under this subpart, as well as copies of all requested records, until disposition or destruction is authorized by Title 44 of the United States Code or the National Archives and Records Administration’s General Records Schedule 14. Components shall not dispose of records while they are the subject of a pending request, appeal, or lawsuit under the FOIA.

§ 4.4 Requirements for making requests.

(a) A request for records of the Department which are not customarily made available to the public as part of the Department’s regular informational services must be in writing (and may be sent by mail, facsimile, or E-mail), and shall be processed under the FOIA, regardless whether the FOIA is mentioned in the request. Requests should be mailed to the Department component identified in Appendix A to this part that maintains those records, or may be sent by facsimile or E-mail to the numbers or addresses, respectively, listed at the Department’s “FOIA Home Page” link found at the Department’s World Wide Web site (http://www.doc.gov). If the proper component cannot be determined, the request should be sent to the central facility identified in Appendix A to this part. The central facility will forward the request to the component(s) it believes most likely to have the requested records. For the quickest handling, the request (and envelope, if the request is mailed) should be marked “Freedom of Information Act Request.”

(b) For requests for records about oneself, § 4.24 contains additional requirements. For requests for records about another individual, either a written authorization signed by the individual permitting disclosure of his or her records to the requester or proof that the individual is deceased (for example, a copy of a death certificate or an obituary) facilitates processing the request.

(c) The records requested must be described in enough detail to enable Department personnel to locate them with a reasonable amount of effort. If possible, a request should include specific information about each record sought, such as the date, title or name, author, recipient, and subject matter.
