§ 742.8 Anti-terrorism: Iran.

(a) License Requirements. (1) A license is required for anti-terrorism purposes to export or reexport to Iran any item for which AT column 1 or AT column 2 is indicated in the Country Chart column of the applicable ECCN or any item described in ECCNs 1C350, 1C355, 1C395, 2A994, 2D994 and 2E994. See paragraph (a)(5) of this section for controls maintained by the Department of the Treasury. See §746.7 of the EAR for additional EAR license requirements that apply to Iran.

(2) [Reserved]

(3) The Secretary of State has designated Iran as a country whose Government has repeatedly provided support for acts of international terrorism.

(4) In support of U.S. foreign policy applicable to terrorism-supporting countries, the EAR imposes anti-terrorism license requirements on exports and reexports to Iran pursuant to sections 6(j) and 6(a) of the Export Administration Act.

(i) Section 6(j) anti-terrorism controls. Section 6(j) requirements apply to all exports and reexports destined to the police, military or other sensitive end-users of items listed on the Commerce Control List (Supp. No. 1 to part 774 of the EAR) for which any listed reason for control in the applicable ECCN is NS (national security), CB (chemical or biological weapons proliferation), MT (missile proliferation), NP (nuclear weapons proliferation) or an Export Control Classification Number ending in “18” (military related items). BIS may not issue a license for a transaction subject to section 6(j) controls until 30 days after the notification described in Section 6(j)(2) of the Export Administration Act is delivered to the committees of Congress specified in that section. License applications for all other items controlled under section 6(a) are also reviewed to determine whether section 6(j) applies.

(ii) Section 6(a) anti-terrorism controls. Section 6(a) requirements apply to all exports and reexports regardless of the end user of items described in paragraph (a)(1) of this section.

(5) Exports and certain reexports to Iran are subject to a comprehensive embargo administered by the Department of the Treasury’s Office of Foreign Assets Control (OFAC). If you wish to export or reexport to Iran, the Government of Iran or any entity owned or controlled by that Government, you should review part 746 of the EAR and consult with OFAC. Please note that authorization from OFAC constitutes authorization under the EAR and no separate license or authorization from BIS is required.

(b) Licensing policy. (1) The Iran-Iraq Arms Non-Proliferation Act of October 23, 1992, requires BIS to deny licenses

0A981 require a license to all destinations including Canada.

(6) See §742.11 of the EAR for further information on items controlled under ECCN 0A983, which require a license to all destinations, including Canada.

(b) Licensing policy. Applications for items controlled under this section will generally be considered favorably on a case-by-case basis unless there is civil disorder in the country or region or unless there is evidence that the government of the importing country may have violated internationally recognized human rights. The judicious use of export controls is intended to deter the development of a consistent pattern of human rights abuses, distance the United States from such abuses and avoid contributing to civil disorder in a country or region.

(c) Contract sanctity. Contract sanctity date: August 22, 2000. Contract sanctity applies only to items controlled under ECCNs 0A982, 0A985 and 0E982 destined for countries not listed in CC Column 1 of the Country Chart (Supplement No. 1 to part 738 of the EAR).

(d) U.S. controls. In maintaining its controls on crime control and detection items, the United States considers international norms regarding human rights and the practices of other countries that control exports to promote the observance of human rights. However, these controls are not based on the decisions of any multinational export control regime and may differ from controls imposed by other countries.
