

§ 904.303

must surrender a permit against which a permit sanction has taken effect. The effectiveness of the permit sanction, however, does not depend on surrender of the permit.

§ 904.303 Notice of intent to deny permit (NIDP).

(a) NOAA may issue a NIDP if the permit applicant has been charged with a violation of a statute, regulation, or permit administered by NOAA, for failure to pay a civil penalty or criminal fine, or for failure to comply with any term of a settlement agreement.

(b) The NIDP will set forth the basis for its issuance and any opportunity for a hearing, and will be served in accordance with §904.3.

(c) NOAA will not refund any fee(s) submitted with a permit application if a NIDP is issued.

(d) A NIDP may be issued in conjunction with or independent of a NOPS. Nothing in this section should be interpreted to preclude NOAA from initiating a permit sanction action following issuance of the permit, or from withholding a permit under §904.310(c) or §904.320.

§ 904.304 Opportunity for hearing.

(a) Except as provided in paragraph (b) of this section, the recipient of a NOPS or NIDP will be provided an opportunity for a hearing, as governed by §904.201.

(b) There will be no opportunity for a hearing if, with respect to the violation that forms the basis for the NOPS or NIDP, the permit holder had a previous opportunity to participate as a party in an administrative or judicial proceeding, whether or not the permit holder did participate, and whether or not such a hearing was held.

§ 904.305 Final administrative decision.

(a) If no request for hearing is timely filed as provided in §904.201(a), the NOPS or NIDP becomes effective as the final administrative decision and order of NOAA 30 days after service of the NOPS or NIDP or on the last day of any delay period granted.

(b) If a request for hearing is timely filed in accordance with §904.201(a), the date of the final administrative deci-

PERMIT SANCTIONS FOR NONCOMPLIANCE

§ 904.310 Nature of permit sanctions.

(a) NOAA may suspend, modify, or deny a permit if:

(1) A civil penalty has been assessed against the permit holder under subparts B and C of this part, but the permit holder has failed to pay the civil penalty, or has failed to comply with any term of a settlement agreement; or

(2) A criminal fine or other liability for violation of any of the statutes administered by NOAA has been imposed against the permit holder in a judicial proceeding, but payment has not been made.

(b) NOAA will suspend any permit issued to a foreign fishing vessel under section 204(b) of the Magnuson-Stevens Fishery Conservation and Management Act under the circumstances set forth in paragraph (a) of this section.

(c) NOAA will withhold any other permit for which the permit holder applies if either of the conditions in paragraph (a) of this section is applicable.

§ 904.311 Compliance.

If the permit holder pays the criminal fine or civil penalty in full or agrees to terms satisfactory to NOAA for payment:

(a) The suspension will not take effect;

(b) Any permit suspended under §904.310 will be reinstated by order of NOAA; or

(c) Any application by the permit holder may be granted if the permit holder is otherwise qualified to receive the permit.

PERMIT SANCTION FOR VIOLATIONS

§ 904.320 Nature of permit sanctions.

Subject to the requirements of this subpart, NOAA may take any of the following actions or combination of actions if a permit holder or permitted vessel violates a statute administered by NOAA, or any regulation promulgated or permit condition prescribed thereunder:

(a) *Revocation.* A permit may be cancelled, with or without prejudice to

issuance of the permit in the future. Additional requirements for issuance of any future permit may be imposed.

(b) *Suspension*. A permit may be suspended either for a specified period of time or until stated requirements are met, or both. If contingent on stated requirements being met, the suspension is with prejudice to issuance of any permit until the requirements are met.

(c) *Modification*. A permit may be modified, as by imposing additional conditions and restrictions. If the permit was issued for a foreign fishing vessel under section 204(b) of the Magnuson-Stevens Fishery Conservation and Management Act, additional conditions and restrictions may be imposed on the application of the foreign nation involved and on any permits issued under such application.

§ 904.321 Reinstatement of permit.

(a) A permit suspended for a specified period of time will be reinstated automatically at the end of the period.

(b) A permit suspended until stated requirements are met will be reinstated only by order of NOAA.

§ 904.322 Interim action.

(a) To protect marine resources during the pendency of an action under this subpart, in cases of willfulness, or as otherwise required in the interest of public health, welfare, or safety, a Judge may order immediate suspension, modification, or withholding of a permit until a decision is made on the action proposed in a NOPS or NIDP.

(b) The Judge will order interim action under paragraph (a) of this section, only after finding that there exists probable cause to believe that the violation charged in the NOPS or NIDP was committed. The Judge's finding of probable cause, which will be summarized in the order, may be made:

(1) After review of the factual basis of the alleged violation, following an opportunity for the parties to submit their views (orally or in writing, in the Judge's discretion); or

(2) By adoption of an equivalent finding of probable cause or an admission in any administrative or judicial proceeding to which the recipient of the NOPS or NIDP was a party, including,

but not limited to, a hearing to arrest or set bond for a vessel in a civil forfeiture action or an arraignment or other hearing in a criminal action. Adoption of a finding or admission under this paragraph may be made only after the Judge reviews pertinent portions of the transcript or other records, documents, or pleadings from the other proceeding.

(c) An order for interim action under paragraph (a) of this section is unappealable and will remain in effect until a decision is made on the NOPS or NIDP. Where such interim action has been taken, the Judge will expedite any hearing requested under § 904.304.

Subpart E—Written Warnings

§ 904.400 Purpose and scope.

This subpart sets forth the policy and procedures governing the issuance and use of written warnings by persons authorized to enforce the statutes administered by NOAA, and the review of such warnings. A written warning may be issued in lieu of assessing a civil penalty or initiating criminal prosecution for violation of any of the laws cited in § 904.1(c).

§ 904.401 Written warning as a prior violation.

A written warning may be used as a basis for dealing more severely with a subsequent violation, including, but not limited to, a violation of the same statute or a violation involving an activity that is related to the prior violation.

§ 904.402 Procedures.

(a) Any person authorized to enforce the laws listed in § 904.1(c) or Agency counsel may issue a written warning to a respondent as provided in § 904.3.

(b) The written warning will:

(1) State that it is a "written warning";

(2) State the factual and statutory or regulatory basis for its issuance;

(3) Advise the respondent of its effect in the event of a future violation; and

(4) Inform the respondent of the right of review and appeal under § 904.403.

(c) NOAA will maintain a record of written warnings that are issued.
