SOURCE: 66 FR 42270, Aug. 10, 2001, unless otherwise noted.

§ 36.1 Scope.

The provisions of this part apply to any board of trade or electronic trading facility eligible for exemption under sections 5d and 2(h)(3) through (5) of the Act, respectively.

§ 36.2 Exempt boards of trade.

(a) Eligible commodities. Commodities eligible under section 5d(b)(1) of the Act to be traded by an exempt board of trade are:
   (i) Commodities having—
      (I) A nearly inexhaustible deliverable supply;
   (ii) A deliverable supply that is sufficiently large, and a cash market sufficiently liquid, to render any contract traded on the commodity highly unlikely to be susceptible to the threat of manipulation; or
(iii) No cash market.

(2) The commodities that meet the criteria of paragraph (a)(1) of this section are:

(i) The commodities defined in section 1a(13) of the Act as "excluded commodities" (other than a security, including any group or index thereof or any interest in, or based on the value of, any security or group or index of securities); and

(ii) Such other commodity or commodities as the Commission may determine by rule, regulation or order.

(b) Notification. Boards of trade operating under Section 5d of the Act as exempt boards of trade shall so notify the Commission. This notification shall be filed with the Secretary of the Commission at its Washington, DC headquarters, in electronic form, shall be labeled as "Notification of Operation as an Exempt Board of Trade," and shall include:

(1) The name and address of the exempt board of trade; and

(2) The name and telephone number of a contact person.

(c) Additional requirements—(1) Prohibited representation. A board of trade notifying the Commission that it meets the criteria of Section 5d of the Act and elects to operate as an exempt board of trade shall not represent to any person that it is registered with, designated, recognized, licensed or approved by the Commission.

(2) Market data dissemination. (i) Criteria for price discovery determination. An exempt board of trade operating a market in reliance on the exemption in Section 5d of the Act performs a significant price discovery function for transactions in the cash market for a commodity underlying any agreement, contract, or transaction executed or traded on the facility when:

(A) Cash market bids, offers or transactions are directly based on, or quoted at a differential to, the prices generated on the market on a more than occasional basis; or

(B) The market's prices are routinely disseminated in a widely distributed industry publication and are routinely consulted by industry participants in pricing cash market transactions.

(ii) Notification. An exempt board of trade operating a market in reliance on the exemption in Section 5d of the Act shall notify the Commission when:

(A) It has reason to believe that cash market bids, offers or transactions are directly based on, or quoted at a differential to, the prices generated on the market on a more than occasional basis;

(B) It has reason to believe that the market's prices are routinely disseminated in a widely distributed industry publication and are routinely consulted by industry participants in pricing cash market transactions; or

(C) The exempt board of trade holds out the market to the public as performing a price discovery function for the cash market for the commodity.

(iii) Price discovery determination. Following receipt of a notice under paragraph (c)(2)(ii) of this section, or on its own initiative, the Commission may notify an exempt board of trade operating a market in reliance on the exemption in Section 5d of the Act that the facility appears to meet the criteria for performing a significant price discovery function under paragraph (c)(2)(i)(A) or (B) of this section. Before making a final price discovery determination under this paragraph, the Commission shall provide the exempt board of trade with an opportunity for a hearing through the submission of written data, views and arguments. Any such written data, views and arguments shall be filed with the Secretary of the Commission in the form and manner and within the time specified by the Commission. After consideration of all relevant matters, the Commission shall issue an order containing its determination whether the facility performs a significant price discovery function under the criteria of paragraph (c)(2)(i)(A) or (B) of this section.

(iv) Price dissemination. (A) An exempt board of trade that the Commission has determined performs a significant price discovery function under paragraph (c)(2)(i)(A) or (B) of this section shall disseminate publicly, and on a daily basis, all of the following information with respect to transactions executed in reliance on the exemption in Section 5d of the Act:

(1) Contract terms and conditions, or a product description, and trading conventions, mechanisms and practices;
§ 36.3 Trading volume by commodity and, if available, open interest; and
(3) The opening and closing prices or price ranges, the daily high and low prices, a volume-weighted average price that is representative of trading on the board of trade, or such other daily price information as proposed by the board of trade and approved by the Commission.

(B) The exempt board of trade shall make such information readily available to the news media and the general public without charge no later than the business day following the day to which the information pertains.

(v) Modification of price discovery determination. An exempt board of trade that the Commission has determined performs a significant price discovery function under paragraph (c)(2)(iii) of this section may petition the Commission at any time to modify or vacate that determination. The petition shall contain an appropriate justification for the request. The Commission, after notice and opportunity for a hearing through the submission of written data, views and arguments, shall by order grant, grant subject to conditions, or deny such request.

(3) Annual Certification. A board of trade operating under Section 5d of the Act as an exempt board of trade shall file with the Commission annually, no later than the end of each calendar year, a notice that includes: (i) A statement that it continues to operate under the exemption; and (ii) a certification that the information contained in the previous Notification of Operation as an Exempt Board of Trade is still correct.

§ 36.3 Exempt commercial markets.

(a) Notification. An electronic trading facility relying upon the exemption in Section 2(h)(3) of the Act shall notify the Commission of its intention to do so. This notification, and subsequent notification of any material changes in the information initially provided, shall be filed with the Secretary of the Commission at its Washington, DC headquarters, in electronic form, shall be labeled as “Notification of Operation as an Exempt Commercial Market,” and shall include the information and certifications specified in Section 2(h)(5)(A) of the Act.

(b) Required information—(1) All electronic trading facilities. A facility operating in reliance on the exemption in section 2(h)(3) of the Act, initially and on an on-going basis, must:

(i) Provide the Commission with the terms and conditions, as defined in §40.1(i) of this chapter and product descriptions for each agreement, contract or transaction listed by the facility in reliance on the exemption set forth in section 2(h)(3) of the Act, as well as trading conventions, mechanisms and practices;

(ii) Provide the Commission with information explaining how the facility meets the definition of “trading facility” contained in section 1a(33) of the Act and provide the Commission with access to the electronic trading facility’s trading protocols, in a format specified by the Commission;

(iii) Demonstrate to the Commission that the facility requires, and will require, with respect to all current and future agreements, contracts and transactions, that each participant agrees to comply with all applicable laws; that the authorized participants are “eligible commercial entities” as defined in section 1a(11) of the Act; that all agreements, contracts and transactions are and will be entered into solely on a principal-to-principal basis; and that the facility has in place a program to routinely monitor participants’ compliance with these requirements;

(iv) At the request of the Commissioner, provide any other information that the Commission, in its discretion, deems relevant to its determination whether an agreement, contract, or transaction performs a significant price discovery function; and

(v) File with the Commission annually, no later than the end of each calendar year, a completed copy of CFTC Form 205—Exempt Commercial Market Annual Certification. The information submitted in Form 205 shall include:

(A) A statement indicating whether the electronic trading facility continues to operate under the exemption; and
