

(a) *Table of contents.* On either the inside front or outside back cover page of the prospectus, provide a reasonably detailed table of contents. It must show the page number of the various sections or subdivisions of the prospectus. Include a specific listing of the risk factors section required by Item 503 of this Regulation S-K (17 CFR 229.503). You must include the table of contents immediately following the cover page in any prospectus you deliver electronically.

(b) *Dealer prospectus delivery obligation.* On the outside back cover page of the prospectus, advise dealers of their prospectus delivery obligation, including the expiration date specified by Section 4(3) of the Securities Act (15 U.S.C. 77d(3)) and §230.174 of this chapter. If you do not know the expiration date on the effective date of the registration statement, include the expiration date in the copy of the prospectus you file under §230.424(b) of this chapter. You do not have to include this information if dealers are not required to deliver a prospectus under §230.174 of this chapter or Section 24(d) of the Investment Company Act (15 U.S.C. 80a-24). You may use the following or other clear, plain language:

DEALER PROSPECTUS DELIVERY OBLIGATION

Until (*insert date*), all dealers that effect transactions in these securities, whether or not participating in this offering, may be required to deliver a prospectus. This is in addition to the dealers' obligation to deliver a prospectus when acting as underwriters and with respect to their unsold allotments or subscriptions.

[63 FR 6383, Feb. 6, 1998]

§ 229.503 (Item 503) Prospectus summary, risk factors, and ratio of earnings to fixed charges.

The registrant must furnish this information in plain English. See §230.421(d) of Regulation C of this chapter.

(a) *Prospectus summary.* Provide a summary of the information in the prospectus where the length or complexity of the prospectus makes a summary useful. The summary should be brief. The summary should not contain, and is not required to contain, all of the detailed information in the prospectus. If

you provide summary business or financial information, even if you do not caption it as a summary, you still must provide that information in plain English.

Instruction to paragraph 503(a): The summary should not merely repeat the text of the prospectus but should provide a brief overview of the key aspects of the offering. Carefully consider and identify those aspects of the offering that are the most significant and determine how best to highlight those points in clear, plain language.

(b) *Address and telephone number.* Include, either on the cover page or in the summary section of the prospectus, the complete mailing address and telephone number of your principal executive offices.

(c) *Risk factors.* Where appropriate, provide under the caption "Risk Factors" a discussion of the most significant factors that make the offering speculative or risky. This discussion must be concise and organized logically. Do not present risks that could apply to any issuer or any offering. Explain how the risk affects the issuer or the securities being offered. Set forth each risk factor under a subcaption that adequately describes the risk. The risk factor discussion must immediately follow the summary section. If you do not include a summary section, the risk factor section must immediately follow the cover page of the prospectus or the pricing information section that immediately follows the cover page. Pricing information means price and price-related information that you may omit from the prospectus in an effective registration statement based on §230.430A(a) of this chapter. The risk factors may include, among other things, the following:

- (1) Your lack of an operating history;
- (2) Your lack of profitable operations in recent periods;
- (3) Your financial position;
- (4) Your business or proposed business; or
- (5) The lack of a market for your common equity securities or securities convertible into or exercisable for common equity securities.

(d) *Ratio of earnings to fixed charges.* If you register debt securities, show a ratio of earnings to fixed charges. If

you register preference equity securities, show the ratio of combined fixed charges and preference dividends to earnings. Present the ratio for each of the last five fiscal years and the latest interim period for which financial statements are presented in the document. If you will use the proceeds from the sale of debt or preference securities to repay any of your outstanding debt or to retire other securities and the change in the ratio would be ten percent or greater, you must include a ratio showing the application of the proceeds, commonly referred to as the pro forma ratio.

Instructions to paragraph 503(d): 1. Definitions. In calculating the ratio of earnings to fixed charges, you must use the following definitions:

(A) *Fixed charges.* The term “fixed charges” means the sum of the following: (a) interest expensed and capitalized, (b) amortized premiums, discounts and capitalized expenses related to indebtedness, (c) an estimate of the interest within rental expense, and (d) preference security dividend requirements of consolidated subsidiaries.

(B) *Preference security dividend.* The term “preference security dividend” is the amount of pre-tax earnings that is required to pay the dividends on outstanding preference securities. The dividend requirement must be computed as the amount of the dividend divided by (1 minus the effective income tax rate applicable to continuing operations).

(C) *Earnings.* The term “earnings” is the amount resulting from adding and subtracting the following items. Add the following: (a) pre-tax income from continuing operations before adjustment for income or loss from equity investees; (b) fixed charges; (c) amortization of capitalized interest; (d) distributed income of equity investees; and (e) your share of pre-tax losses of equity investees for which charges arising from guarantees are included in fixed charges. From the total of the added items, subtract the following: (a) interest capitalized; (b) preference security dividend requirements of consolidated subsidiaries; and (c) the non-controlling interest in pre-tax income of subsidiaries that have not incurred fixed charges. Equity investees are investments that you account for using the equity method of accounting. Public utilities following FASB ASC Topic 980, *Regulated Operations*, should not add amortization of capitalized interest in determining earnings, nor reduce fixed charges by any allowance for funds used during construction.

2. *Disclosure.* Disclose the following information when showing the ratio of earnings to fixed charges:

(A) *Deficiency.* If a ratio indicates less than one-to-one coverage, disclose the dollar amount of the deficiency.

(B) *Pro forma ratio.* You may show the pro forma ratio only for the most recent fiscal year and the latest interim period. Use the net change in interest or dividends from the refinancing to calculate the pro forma ratio.

(C) *Foreign private issuers.* A foreign private issuer must show the ratio based on the figures in the primary financial statement. A foreign private issuer must show the ratio based on the figures resulting from the reconciliation to U.S. generally accepted accounting principles if this ratio is materially different.

(D) *Summary Section.* If you provide a summary or similar section in the prospectus, show the ratios in that section.

3. *Exhibit.* File an exhibit to the registration statement to show the figures used to calculate the ratios. See paragraph (b)(12) of Item 601 of Regulation S-K (17 CFR 229.601(b)(12)).

(e) *Smaller reporting companies.* A registrant that qualifies as a smaller reporting company, as defined by § 229.10(f), need not comply with paragraph (d) of this Item.

Instruction to Item 503: For asset-backed securities, see also Item 1103 of Regulation AB (§ 229.1103).

[63 FR 6383, Feb. 6, 1998, as amended at 70 FR 1594, Jan. 7, 2005; 73 FR 964, Jan. 4, 2008; 74 FR 18617, Apr. 23, 2009; 76 FR 50121, Aug. 12, 2011]

§ 229.504 (Item 504) Use of proceeds.

State the principal purposes for which the net proceeds to the registrant from the securities to be offered are intended to be used and the approximate amount intended to be used for each such purpose. Where registrant has no current specific plan for the proceeds, or a significant portion thereof, the registrant shall so state and discuss the principal reasons for the offering.

Instructions to Item 504: 1. Where less than all the securities to be offered may be sold and more than one use is listed for the proceeds, indicate the order of priority of such purposes and discuss the registrant’s plans if substantially less than the maximum proceeds are obtained. Such discussion need not be included if underwriting arrangements with respect to such securities are such that, if any securities are sold to the public, it reasonably can be expected that the actual proceeds will not be substantially less than the aggregate proceeds to the registrant
