(2) If the amendment is being filed to add or resubmit an unofficial PDF copy of one or more exhibits, the submission may consist of the following: the official filing—consisting of the cover page (or first page of the document), the explanatory note, the signature page (where appropriate), the exhibit index, and a separate electronic exhibit document for each exhibit for which an unofficial PDF copy is being submitted—and the corresponding unofficial PDF copy of each exhibit document. However, the text of the official exhibit document need not repeat the text of the exhibit; that document may contain only the following legend:

RESUBMITTED TO ADD/REPLACE UNOFFICIAL PDF COPY OF EXHIBIT.

(d) An unofficial PDF copy is not filed for purposes of section 11 of the Securities Act (15 U.S.C. 77k), section 18 of the Exchange Act (15 U.S.C. 78r), section 323 of the Trust Indenture Act (15 U.S.C. 77www), or section 34(b) of the Investment Company Act (15 U.S.C. 80a-33(b)), or otherwise subject to the liabilities of such sections, and is not part of any registration statement to which it relates. An unofficial PDF copy is, however, subject to all other civil liability and anti-fraud provisions of the above Acts or other laws.

(e) Unofficial PDF copies that are prospectuses are subject to liability under Section 12 of the Securities Act (15 U.S.C. 77*l*).

(f) An unofficial PDF copy of a correspondence document contained in an electronic submission need not be substantively equivalent to that correspondence document.

§ 232.105 Limitation on use of HTML documents and hypertext links.

(a) Electronic filers must submit the following documents in ASCII: Form N-SAR (§ 274.101 of this chapter) and Form 13F (§ 249.325 of this chapter). Notwithstanding the provisions of this section, electronic filers may submit exhibits to Form N-SAR in HTML.

(b) Electronic filers may not include in any HTML document hypertext links to sites, locations, or documents outside the HTML document, except to links to officially filed documents within the current submission and to documents previously filed electronically and located in the EDGAR database on the Commission's public web site (*www.sec.gov*). Electronic filers also may include within an HTML document hypertext links to different sections within that single HTML document.

(c) If a filer includes an external hypertext link within a filed document, the information contained in the linked material will not be considered part of the document for determining compliance with reporting obligations, but the inclusion of the link will cause the filer to be subject to the civil liability and antifraud provisions of the federal securities laws with reference to the information contained in the linked material.

§ 232.106 Prohibition against electronic submissions containing executable code.

(a) Electronic submissions must not contain executable code. Attempted submissions identified as containing executable code will be suspended, unless the executable code is contained only in one or more PDF documents, in which case the submission will be accepted but the PDF document(s) containing executable code will be deleted and not disseminated.

(b) If an electronic submission has been accepted, and the Commission staff later determines that the accepted submission contains executable code, the staff may delete from the EDGAR system the entire accepted electronic submission or any document contained in the accepted electronic submission. The Commission staff may direct the electronic filer to resubmit electronically replacement document(s) or a replacement submission in its entirety, in compliance with this provision and the EDGAR Filer Manual.
