§ 122.135 When airline has in-bond liquor storeroom.

(a) Restocking. Liquor kits on board an aircraft landing at an airport where the airline involved has an authorized in-bond liquor storeroom may be removed and restocked in the storeroom.

(b) Sealing of kits. Aircraft liquor kits covered by this section shall remain sealed until departure. Customs officers may remove the seal to check the contents of the liquor kits, but shall resell the kits as provided in §122.132(e).

(c) Restocking. Additional amounts of duty-free and tax-free liquor and tobacco obtained in the U.S. shall be laden in a separate container on any aircraft covered by this section. The lading shall be done under any supervision the port director finds necessary. The additional liquor and tobacco shall be shown on separate outward stores lists.

§ 122.136 Outgoing stores list.

(a) Preparation. Two copies of a serially numbered outgoing stores list shall be prepared by the airline for all liquor and tobacco withdrawn from bonded or non-tax-paid stock and added to liquor kits. The outgoing stores list shall show the total number of bottles for each type liquor, the brand, and the size of each bottle.

(b) Use of copies. The two copies of the outgoing stores list shall be used as follows:

1. One copy shall be placed and kept in the outgoing kits until the aircraft leaves the U.S.; and

2. One copy must be filed either with the outgoing cargo manifest (for aircraft required to clear) or with Customs before departing, as provided in §122.133(c).

In both cases, the third copy of the inward stores list shall be filed with the outgoing stores list. (See §122.133(c)).

§ 122.137 Certificate of use.

Any liquor or tobacco withdrawn from the in-bond storeroom and shown on the outgoing stores list shall be recorded, when exported, on a certificate of use prepared by the airline.
