PARTS 216–219 [RESERVED]

PART 220—COST PRINCIPLES FOR EDUCATIONAL INSTITUTIONS (OMB CIRCULAR A–21)

§ 220.5 Purpose.

This part establishes principles for determining costs applicable to grants, contracts, and other agreements with educational institutions.

§ 220.10 Scope.

The principles in this part deal with the subject of cost determination, and make no attempt to identify the circumstances or dictate the extent of agency and institutional participation in the financing of a particular project. Provision for profit or other increment above cost is outside the scope of this part.

§ 220.15 Policy.

The principles in this part are designed to provide that the Federal Government bear its fair share of total costs, determined in accordance with generally accepted accounting principles, except where restricted or prohibited by law. Agencies are not expected to place additional restrictions on individual items of cost. The successful application of cost accounting principles requires development of mutual understanding between representatives of educational institutions and of the Federal Government as to their scope, implementation, and interpretation.

§ 220.20 Applicability.

(a) All Federal agencies that sponsor research and development, training, and other work at educational institutions shall apply the provisions of Appendix A to this part in determining the costs incurred for such work. The principles shall also be used as a guide in the pricing of fixed price or lump sum agreements.

(b) Each federal agency that awards defense-related contracts to a Federally Funded Research and Development Center (FFRDC) associated with an educational institution shall require the FFRDC to comply with the Cost Accounting Standards and with the rules and regulations issued by the Cost Accounting Standards Board and set forth in 47 CFR part 99.

§ 220.25 OMB responsibilities.

OMB is responsible for:

(a) Issuing and maintaining the guidance in this part.

(b) Interpreting the policy requirements in this part and providing assistance to ensure effective and efficient implementation.
