or modified for any of the articles in para-
graphs (a) and (b) of this category.
(d) Technical data (as defined in §120.10 of
this subchapter) and defense services (as de-
finite in §120.9 of this subchapter) directly re-
lated to the defense articles enumerated in
paragraphs (a) through (c) of this category.
(See §125.4 of this subchapter for exemp-
tions.) Technical data directly related to the
manufacture or production of any defense ar-
ticles enumerated elsewhere in this Category
that are designated as Significant Military
Equipment (SME) shall itself be designated
as SME.

**Category XXI—Miscellaneous Articles**

(a) Any article not specifically enumerated
in the other categories of the U.S. Munitions
List which has substantial military applica-
bility and which has been specifically de-
dsigned, developed, configured, adapted, or
modified for military purposes. The decision
on whether any article may be included in
this category shall be made by the Director,
Office of Defense Trade Controls Policy.
(b) Technical data (as defined in §120.10 of
this subchapter) and defense services (as de-
finite in §120.9 of this subchapter) directly re-
lated to the defense articles enumerated in
paragraph (a) of this category.
(c) Cargo aircraft bearing “C” designa-
tions and numbered C–45 through C–118 in-
clusive, C–121 through C–125 in-
clusive, and C–131, using reciprocating
engines only.
(d) Observer aircraft bearing “O” designa-
tions and using reciprocating en-
gines only.
(e) All liaison aircraft bearing an
“L” designation.
(f) All observation aircraft bearing
“O” designations and using reciprocating
engines only.

§ 121.16–121.17 [Reserved]

§ 121.18 End-items, components, acces-
sories, attachments, parts,
firmware, software and systems.
(a) An end-item is an assembled arti-
cle ready for its intended use. Only am-
munition, fuel or another energy
source is required to place it in an op-
erating state.
