§ 230.205  Supportive services funds obligation.

Supportive services funds shall be obligated in accordance with the procedures set forth in §230.117(b) of this part. The point of obligation is defined as that time when the FHWA has approved a detailed work statement for the supportive services.

§ 230.206  Monitoring supportive services.

Supportive services programs shall be continually monitored and evaluated by the State highway agency so that needed improvements can be identified and instituted. This requires the documentation of valid effectiveness.
