§ 84.50 Purpose of reports and records.

Sections 84.51 through 84.53 set forth the procedures for monitoring and reporting on the recipient’s financial and program performance and the necessary standard reporting forms. They also set forth record retention requirements.

§ 84.51 Monitoring and reporting program performance.

(a) Recipients are responsible for managing and monitoring each project, program, subaward, function or activity supported by the award. Recipients shall monitor subawards to ensure sub-recipients have met the audit requirements as delineated in §84.26.

(b) HUD shall prescribe the frequency with which the performance reports shall be submitted. Except as provided in §84.51(f), performance reports shall not be required more frequently than quarterly or less frequently than annually. Annual reports shall be due 90 calendar days after the grant year; quarterly or semi-annual reports shall be due 30 days after the reporting period. HUD may require annual reports before the anniversary dates of multiple year awards in lieu of these requirements. The final performance reports are due 90 calendar days after the expiration or termination of the award.

(c) If inappropriate, a final technical or performance report shall not be required after completion of the project.

(d) When required, performance reports shall generally contain, for each award, brief information on each of the following:

(1) A comparison of actual accomplishments with the goals and objectives established for the period, the findings of the investigator, or both. Whenever appropriate and the output of programs or projects can be readily quantified, such quantitative data should be related to cost data for computation of unit costs.

(2) Reasons why established goals were not met, if appropriate.

(3) Other pertinent information including, when appropriate, analysis and explanation of cost overruns or high unit costs.

(e) Recipients shall not be required to submit more than the original and two copies of performance reports.

(f) Recipients shall immediately notify HUD of developments that have a significant impact on the award-supported activities. Also, notification shall be given in the case of problems, delays, or adverse conditions which materially impair the ability to meet the objectives of the award. This notification shall include a statement of the action taken or contemplated, and any assistance needed to resolve the situation.

(g) HUD may make site visits, as needed.

(h) HUD shall comply with clearance requirements of 5 CFR part 1320 when requesting performance data from recipients.

§ 84.52 Financial reporting.

(a) The Federal financial report (FFR), or such other form as may be approved by OMB, is authorized for obtaining financial information from recipients. The applicability of the FFR form shall be determined by the appropriate HUD program, and the grantee will be notified of any program requirements in reference to the FFR upon receipt of the award. A HUD program may, where appropriate, waive the use of the FFR for its grantees and require an alternative reporting system.

(b) HUD shall prescribe whether the FFR shall be on a cash or accrual basis. If HUD requires accrual information and the recipient’s accounting records are not normally kept on the accrual basis, the recipient shall not be required to convert its accounting system, but shall develop such accrual information through best estimates based on an analysis of the documentation on hand.

(c) HUD shall determine the frequency of the FFR for each project or program, considering the size and complexity of the particular project or program. However, the report shall not be required more frequently than quarterly or less frequently than annually. The reporting period end dates shall be March 31, June 30, September 30 or December 31. A final FFR shall be required at the completion of the award agreement and shall use the end date of
