(iii) Expenses related to deductions from annual income; and
(iv) Other factors that affect the determination of adjusted income.

(b) When PHA conducts interim reexamination. (1) At any time, the PHA may conduct an interim reexamination of family income and composition.
(2) At any time, the family may request an interim determination of family income or composition because of any changes since the last determination. The PHA must make the interim determination within a reasonable time after the family request.
(3) Interim examinations must be conducted in accordance with policies in the PHA administrative plan.
(c) Family reporting of change. The PHA must adopt policies prescribing when and under what conditions the family must report a change in family income or composition.
(d) Effective date of reexamination. (1) The PHA must adopt policies prescribing how to determine the effective date of a change in the housing assistance payment resulting from an interim reexamination.
(2) At the effective date of a regular or interim reexamination, the PHA must make appropriate adjustments in the housing assistance payment. (For a voucher tenancy, the housing assistance payment shall be calculated in accordance with §982.505. For a certificate tenancy, the housing assistance payment shall be calculated in accordance with §982.518.)
(e) Family member income. Family income must include income of all family members, including family members not related by blood or marriage. If any new family member is added, family income must include any income of the additional family member. The PHA must conduct a reexamination to determine such additional income, and must make appropriate adjustments in the housing assistance payment.
(f) Accuracy of family income data. The PHA must establish procedures that are appropriate and necessary to assure that income data provided by applicant or participant families is complete and accurate.
(g) Execution of release and consent. (1) As a condition of admission to or continued assistance under the program, the PHA shall require the family head, and such other family members as the PHA designates, to execute a HUD-approved release and consent form (including any release and consent as required under §5.230 of this title) authorizing any depository or private source of income, or any Federal, State or local agency, to furnish or release to the PHA or HUD such information as the PHA or HUD determines to be necessary.
(2) The PHA and HUD must limit the use or disclosure of information obtained from a family or from another source pursuant to this release and consent to purposes directly in connection with administration of the program.

§982.517 Utility allowance schedule.
(a) Maintaining schedule. (1) The PHA must maintain a utility allowance schedule for all tenant-paid utilities (except telephone), for the cost of tenant-supplied refrigerators and ranges, and for other tenant-paid housing services (e.g., trash collection (disposal of waste and refuse)).
(2) The PHA must give HUD a copy of the utility allowance schedule. At HUD’s request, the PHA also must provide any information or procedures used in preparation of the schedule.
(b) How allowances are determined. (1) The utility allowance schedule must be determined based on the typical cost of utilities and services paid by energy-conservative households that occupy housing of similar size and type in the same locality. In developing the schedule, the PHA must use normal patterns of consumption for the community as a whole and current utility rates.
(2)(i) The PHA’s utility allowance schedule, and the utility allowance for
an individual family, must include the utilities and services that are necessary in the locality to provide housing that complies with the housing quality standards. However, the PHA may not provide any allowance for non-essential utility costs, such as costs of cable or satellite television.

(ii) In the utility allowance schedule, the PHA must classify utilities and other housing services according to the following general categories: space heating; air conditioning; cooking; water heating; water; sewer; trash collection (disposal of waste and refuse); other electric; refrigerator (cost of tenant-supplied refrigerator); range (cost of tenant-supplied range); and other specified housing services. The PHA must provide a utility allowance for tenant-paid air-conditioning costs if the majority of housing units in the market provide centrally air-conditioned units or there is appropriate wiring for tenant-installed air conditioners.

(3) The cost of each utility and housing service category must be stated separately. For each of these categories, the utility allowance schedule must take into consideration unit size (by number of bedrooms), and unit types (e.g., apartment, row-house, town house, single-family detached, and manufactured housing) that are typical in the community.

(4) The utility allowance schedule must be prepared and submitted in accordance with HUD requirements on the form prescribed by HUD.

(c) Revisions of utility allowance schedule. (1) A PHA must review its schedule of utility allowances each year, and must revise its allowance for a utility category if there have been a change of 10 percent or more in the utility rate since the last time the utility allowance schedule was revised. The PHA must maintain information supporting its annual review of utility allowances and any revisions made in its utility allowance schedule.

(2) At HUD’s direction, the PHA must revise the utility allowance schedule to correct any errors, or as necessary to update the schedule.

(d) Use of utility allowance schedule. (1) The PHA must use the appropriate utility allowance for the size of dwelling unit actually leased by the family (rather than the family unit size as determined under the PHA subsidy standards).

(2) At reexamination, the PHA must use the PHA current utility allowance schedule.

(e) Higher utility allowance as reasonable accommodation for a person with disabilities. On request from a family that includes a person with disabilities, the PHA must approve a utility allowance which is higher than the applicable amount on the utility allowance schedule if a higher utility allowance is needed as a reasonable accommodation in accordance with 24 CFR part 8 to make the program accessible to and usable by the family member with a disability.

(Information collection requirements contained in this section have been approved by the Office of Management and Budget under control number 2577–0169.)

§ 982.518 Regular tenancy: How to calculate housing assistance payment.

The monthly housing assistance payment equals the gross rent, minus the higher of:

(a) The total tenant payment; or

(b) The minimum rent as required by law.

§ 982.519 Regular tenancy: Annual adjustment of rent to owner.

(a) When rent is adjusted. At each annual anniversary date of the HAP contract, the PHA must adjust the rent to owner at the request of the owner in accordance with this section.

(b) Amount of annual adjustment. (1) The adjusted rent to owner equals the lesser of:

(i) The pre-adjustment rent to owner multiplied by the applicable Section 8 annual adjustment factor, published by HUD in the Federal Register, that is in effect 60 days before the HAP contract anniversary;

(ii) The reasonable rent (as most recently determined or redetermined by the PHA in accordance with §982.503); or

(iii) The amount requested by the owner.
