§ 1.103–11

In general, a substantial user of a facility includes any nonexempt person who regularly uses a part of such facility in his trade or business. However, unless a facility, or a part thereof, is constructed, recon structed, or acquired specifically for a nonexempt person or persons, such a nonexempt person shall be considered to be a substantial user of a facility only if (1) the gross revenue derived by such user with respect to such facility is more than 5 percent of the total revenue derived by all users of such facility or (2) the amount of area of the facility occupied by such user is more than 5 percent of the entire usable area of the facility. Under certain facts and circumstances, where a nonexempt person has a contractual or preemptive right to the exclusive use of property or a portion of property, such person may be a substantial user of such property. A substantial user may also be a lessee or sublessee of all or any portion of the facility. A licensee or similar person may also be a substantial user where his use is regular and is not merely a casual, infrequent, or sporadic use of the facility. Absent special circumstances, individuals who are physically present on or in the facility as employees of a substantial user shall not be deemed to be substantial users.

(c) Examples. The application of section 103(c)(7) and this section are illustrated by the following examples:

Example 1. Pursuant to an arrangement with corporation X, County A issues $1 million of its bonds (an exempt small issue under section 103(c)(6)(A) pursuant to an election under section 103(c)(6)(D) and paragraph (b)(2) of § 1.103–10) and will use the proceeds to finance construction of a manufacturing facility which is to be leased to X for an annual rental of $500,000. X subleases space to a restaurant operator at an annual rental of $25,000 for the operation of a canteen and lunch counter for the convenience of X’s employees. The canteen is required to be open at least 5 days each week (except holidays) from 8:30 a.m. to 5 p.m., and the lunch counter must be in operation during the noon hour. The canteen regularly sells cigarettes, candy, and soft drinks, and uses advertising displays and dispensers with product names. The space physically occupied and the amount of revenue derived by the restaurant operator are more than 5 percent of the respective amounts with respect to the entire facility. Both X and the restaurant operator are substantial users. However, absent special circumstances none of X’s employees, the employees of the restaurant operator, or the customers or salesmen who regularly visit the premises to do business either with X or the restaurant operator are substantial users. Similarly, the manufacturers, distributors, and dealers of products sold in the canteen ordinarily are not substantial users.

Example 2. The facts are the same as in example (1) except that X rents food and beverage vending machines from a local dealer. The machines are regularly serviced by the local dealer under a contract with X. Title to and ownership of the machines are retained by the dealer. The local dealer is not deemed to be a substantial user if the revenue derived by such dealer from, and the space occupied by, such machines do not exceed 5 percent of the respective amounts with respect to the entire facility.

Example 3. City B proposes to issue $2 million of bonds which qualify as an exempt small issue under section 103(c)(6)(A) pursuant to an election under section 103(c)(6)(D) and paragraph (b)(2) of § 1.103–10 in order to construct a medical building for certain physicians and dentists. The facility will contain 30 offices to be leased on equal terms...
and for the same rental rates to each physician or dentist for use in his trade or business. Each physician or dentist will be a substantial user of the facility since the facility is being constructed specifically for such physicians and dentists. The result would be the same in the case of an office building for general commercial use.

Example 4. Authority D proposes to expand the airport it owns and operates with the proceeds of its bonds which qualify as bonds issued for an exempt facility under section 103(c)(4)(D) and paragraph (e) of § 1.103–8 and which are secured by a pledge of airport revenues. The airport is serviced by several commercial airlines which have long-term agreements with C for the use of runways, terminal space, and hangar and storage facilities. Each of the airlines either occupies more than 5 percent of the usable space of, or derives more than 5 percent of the revenue derived with respect to, the airport. C also leases counter and vehicle servicing and parking areas to car rental companies, space for restaurants, kiosks for the sale of newspapers and magazines, and space for the operations of a charter plane company. The latter operates its own planes, offers flying lessons and services, and stores private planes for local businesses and individuals. An airport limousine company has an exclusive franchise for passenger pickup at the terminal. Other taxi, transfer, freight, and express companies regularly deliver passengers and freight to the terminal but do not have space regularly assigned to them, nor do they have operating agreements with C. Various business concerns have advertising product displays in the terminal building. In addition to regular telephone service, coin-operated telephones, provided by the telephone company, are located throughout the terminal, at locations specified by C. None of the above exceed the 5-percent limitations of paragraph (b) of this section and the bond proceeds will not be specifically used for any of them. Only the commercial airlines, which violate the 5-percent limitations, are substantial users of the airport.

Example 5. City D issues $25 million of its revenue bonds and will use $10 million of the proceeds to finance construction of a sports facility which qualifies as an exempt facility under section 103(c)(4)(B) and paragraph (c) of § 1.103–8. $8 million to acquire and develop land as the site for an industrial park within the meaning of section 103(c)(5) and § 1.103–9, and $7 million to finance the construction of an office building to be used exclusively by an office building to be used exclusively by physicians and dentists. The result would be the same in the case of an office building for general commercial use.

Example 6. Authority E issues $4 million of bonds which qualify as an exempt small issue under section 103(c)(6)(A) pursuant to an election under section 103(c)(6)(D) and paragraph (b)(2) of § 1.103–10 in order to construct a bank building on the grounds of an airport. In addition, E issues $40 million to expand the airport. The bank will not derive revenue in excess of 5 percent of the revenue derived with respect to the airport nor will it occupy more than 5 percent of the usable area of such airport. The bank will be a substantial user of the bank building constructed with the proceeds of the $4 million issue since the facility was constructed specifically for the bank. However, the bank will not be a substantial user with respect to the airport because it does not exceed the 5-percent limitations of paragraph (b) of this section. Had E issued one issue of $44 million in order to expand the airport and construct a bank building, the bank would be a substantial user of the entire facility since the $44 million issue was being used to construct a facility a portion of which was specifically for the bank.

Internal Revenue Service, Treasury

§ 1.103–16

Obligations of certain volunteer fire departments.

(a) General rule. An obligation of a volunteer fire department issued after December 31, 1980, shall be treated as an obligation of a political subdivision of a State for purposes of section 103(a)(1) if—

(1) The volunteer fire department is a qualified volunteer fire department within the meaning of paragraph (b) of this section, and

(2) Substantially all of the proceeds of the issue of which the obligation is a part are to be used for the acquisition, construction, reconstruction, or improvement of a fire house or fire truck used or to be used by the qualified volunteer fire department.

An obligation of a volunteer fire department shall not be treated as an obligation of a political subdivision of a State for purposes of section 103(a)(1) unless both conditions set forth in this paragraph (a) are satisfied.
