It is titled Fort Stockton, Texas, 1954 (revised 1973).

(c) **Boundary.** The Escondido Valley viticultural area is located in Pecos County, Texas. The boundary is as follows:

1. The beginning point is the intersection of Interstate Route 10 (I–10) and an intermittent stream approximately 18 miles east of the city of Fort Stockton (standard reference GE3317 on the Fort Stockton, Texas, U.S.G.S. map);
2. From the beginning point, the boundary follows I–10 in an easterly direction approximately 9 miles until a southbound trail diverges from I–10 just past the point where it intersects horizontal grid line 2 of square GE on the Fort Stockton, Texas, U.S.G.S. map;
3. The boundary then follows the trail in a generally southeasterly direction about 5 miles until it intersects the 3000 foot contour line;
4. The boundary follows the 3000 foot contour line in a generally westerly direction approximately 17 miles;
5. The boundary continues to follow the 3000 foot contour line as it turns sharply northwest, but diverges from the contour line when the contour line turns south again;
6. From the point where it diverges from the contour line, the boundary follows a straight north-northwesterly line as it returns to the beginning point at I–10.

§ 9.142 **Bennett Valley.**

(a) **Name.** The name of the viticultural area described in this section is “Bennett Valley”.

(b) **Approved maps.** The appropriate maps for determining the boundary of the Bennett Valley viticultural area are four 1:24,000 scale USGS topographic maps. They are titled:

1. Santa Rosa Quadrangle, CA—Sonoma Co. 1994
2. Kenwood Quadrangle, CA 1954, photorevised 1980
3. Glen Ellen Quadrangle, CA—Sonoma Co. 1954, photorevised 1980

(c) **Boundary.** The Bennett Valley viticultural area is entirely within Sonoma County, California, and is located northwest of the peak of Sonoma Mountain and southeast of the city of Santa Rosa.

1. Beginning at the peak of Taylor Mountain (BM 1401), Section 6, T6N, R7W, proceed straight northeast to the intersection of the common line between Sections 31 and 32 and the 560-foot elevation line, T7N, R7W; continue straight northeast at the same angle, crossing the Bennett Valley Golf Course and Matanzas Creek, to a point on the 500-foot elevation line approximately 400 feet north of the southern boundary of Section 20, T7N, R7W (Santa Rosa Quadrangle); then
2. Proceed straight southeast to the center peak of the three unnamed peaks above the 1,100-foot elevation line, located approximately 1,600 feet southwest of Hunter Spring, in Section 28, T7N, R7W (Santa Rosa Quadrangle); then
3. Proceed straight east-southeast to a 1,527-foot peak in the southeast corner of Section 28, T7N, R7W (Santa Rosa Quadrangle); then
4. Proceed straight southeast to Bennett Mountain’s 1,857-foot peak, Section 34, T7N, R7W (Kenwood Quadrangle); then
5. Proceed straight southeast to the 1,309-foot peak located northwest of a water tank and approximately 400 feet north of the southern boundary of Section 35, T7N, R7W (Kenwood Quadrangle); then
6. Proceed straight south-southeast to the 978-foot peak in the northeast quadrant of Section 11, T6N, R7W, and continue straight south-southeast approximately 600 feet to the ‘T’ intersection of two unimproved roads located on the common boundary line between Sections 11 and 12, T6N, R7W (Kenwood Quadrangle); then
7. Proceed south along the north-south unimproved road to its intersection with Sonoma Mountain Road, Section 13, T6N, R7W, and continue straight south to the 1,600-foot elevation line, Section 13, T6N, R7W (Glen Ellen Quadrangle); then
8. Proceed west along the meandering 1,600-foot elevation line to the point where it crosses the common line between Sections 22 and 23, T6N, R7W (Glen Ellen Quadrangle); then

§ 9.143 Spring Mountain District.

(a) Name. The name of the viticultural area described in this section is "Spring Mountain District."

(b) Approved maps. The appropriate maps for determining the boundary of the Spring Mountain District viticultural area are four U.S.G.S. 7.5 minute series topographical maps of the 1:24000 scale. They are titled:

(c) Boundary. The Spring Mountain District viticultural area is located in Napa County, California, within the Napa Valley viticultural area. The boundary is as follows:

1. Beginning on the Calistoga quadrangle map at the Napa-Sonoma county line at the boundary line between sections 18 and 19 in T8N/R6W.
2. Then east along the boundary line between sections 18 and 19 for approximately 3/4 of a mile to its intersection with Ritchie Creek at the boundary line between sections 17 and 20.
3. Then north along Ritchie Creek approximately 2 miles, to the 400 foot contour line in the northeast corner in section 16 of T8N/R6W.
4. Then along the 400 foot contour line in a northeast then generally southeast direction, through the St. Helena and Rutherford quadrangle maps, approximately 9 miles, past the town of St. Helena to the point where it intersects Sulphur Creek in Sulphur Canyon, in the northwest corner of section 2 in T7N/R6W.
5. Then west along Sulphur Creek (onto the Kenwood quadrangle map) and south to the point where it first divides into two intermittent streams in section 3 in T7N/R6W.
6. Then south along the intermittent stream approximately 1.5 miles to the point where it intersects the 2,360 foot contour line in section 10 in T7N/R6W.
7. Then southwest in a straight line, approximately .10 mile, to the unnamed peak (elevation 2600 feet) at the boundary line between Napa and Sonoma Counties.
8. Then in a generally northwest direction along the Napa-Sonoma county line, through sections 10, 9, 4, 5, 32, 33, 32, 29, 20, and 19, to the beginning point on the Calistoga quadrangle map at the boundary between sections 18 and 19 in T8N/R6W.

§ 9.144 Texas High Plains.

(a) Name. The name of the viticultural area described in this section is "Texas High Plains."

(b) Approved maps. The appropriate maps for determining the boundary of the Texas High Plains viticultural area are six U.S.G.S. topographical maps of the 1:250,000 scale. They are titled:

(c) Boundary. The Texas High Plains viticultural area is located in Armstrong, Bailey, Borden, Briscoe, Castro, Cochran, Crosby, Dawson, Deaf Smith,
