Subpart A—Infectious Disease Management

SOURCE: 70 FR 29193, May 20, 2005, unless otherwise noted.

§ 549.10 Purpose and scope.

The Bureau will manage infectious diseases in the confined environment of a correctional setting through a comprehensive approach which includes testing, appropriate treatment, prevention, education, and infection control measures.

§ 549.11 Program responsibility.

Each institution’s Health Services Administrator (HSA) and Clinical Director (CD) are responsible for the operation of the institution’s infectious disease program in accordance with applicable laws and regulations.

§ 549.12 Testing.

(a) **Human Immunodeficiency Virus (HIV)**—(1) Clinically indicated. The Bureau tests inmates who have sentences
§ 549.13 Programming, duty, and housing restrictions.

(a) The CD will assess any inmate with an infectious disease for appropriateness for programming, duty, and housing. Inmates with infectious diseases that are transmitted through casual contact will be prohibited from work assignments in any area, until fully evaluated by a health care provider.

(b) Inmates may be limited in programming, duty, and housing when their infectious disease is transmitted through casual contact. The Warden, in consultation with the CD, may exclude inmates, on a case-by-case basis, from work assignments based upon the security and good order of the institution.

(c) If an inmate tests positive for an infectious disease, that test alone does not constitute sole grounds for disciplinary action. Disciplinary action may be considered when coupled with a secondary action that could lead to transmission of an infectious agent. Inmates testing positive for infectious disease are subject to the same disciplinary policy that applies to all inmates (see 28 CFR part 541, subpart B). Except as provided for in our disciplinary policy, no special or separate housing units may be established for HIV-positive inmates.

§ 549.14 Confidentiality of information.

Any disclosure of test results or medical information is made in accordance with:

(a) The Privacy Act of 1974, under which the Bureau publishes routine uses of such information in the Department of Justice Privacy Act System of Records Notices entitled “Inmate Physical and Mental Health Record System, JUSTICE/BOP–007”; and
