well without the owner’s permission (section 27), and the requirement to cap, plug, and seal all exploration test holes (section 28).

(g) The Secretary may grant a limited variance from the performance standards of §§941.815 through 941.828 of this part if the applicant for coal exploration approval or a surface mining permit submitted pursuant to §§941.772 through 941.785 demonstrates in the application that:

1. Such variance is necessary because of the unique nature of South Dakota’s terrain, climate, biological, chemical, or other relevant physical conditions; and

2. The proposed alternative will achieve equal or greater environmental protection than does the performance requirement from which the variance is requested.
