§ 30.2 Q–2: To what entities does this part apply?

This part applies to any TARP recipient, provided that the requirements of sections 111(b) (portions of §30.4 (Q–4), §30.5 (Q–5) and §30.7 (Q–7), as applicable), §30.6 (Q–6), and §30.8 (Q–8) through §30.11 (Q–11), and §30.15 (Q–15)), and section 111(e) (§30.13 (Q–13)) apply only during the period during which any obligation to the Federal government arising from financial assistance provided under the TARP remains outstanding. For a TARP recipient that has had an obligation to the Federal government arising from financial assistance provided under the TARP, and no further financial assistance under the TARP, the requirements of section 111(c) (including portions of §30.4 (Q–4), §30.5 (Q–5) and §30.7 (Q–7), as applicable) and section 111(d) (§30.12 (Q–12)) apply through the last day of the period during which that obligation remains outstanding; for a TARP recipient that has never had an obligation to the Federal government arising from financial assistance provided under the TARP, the requirements of section 111(c) (including portions of §30.4 (Q–4), §30.5 (Q–5) and §30.7 (Q–7), as applicable) and section 111(d) (§30.12 (Q–12)) apply through the last day of the TARP recipient’s fiscal year including the sunset date. For this purpose, an obligation includes the ownership by the Federal government of common stock of a TARP recipient.

§ 30.3 Q–3: How are the SEOs and most highly compensated employees identified for purposes of compliance with this part?

(a) Identification. The SEOs for a year are the “named executive officers” who are employees and are identified in the TARP recipient’s annual report on Form 10–K or annual meeting proxy statement for that year (reporting the SEOs’ compensation for the immediately preceding year). These employees are considered the SEOs throughout that entire year. For purposes of the standards in this part applicable to the most highly compensated employees, the determination of whether an employee is a most highly compensated employee in a current fiscal year looks back to the annual compensation for the last completed fiscal year without regard to whether the compensation is includable in the employee’s gross income for Federal income tax purposes.

(b) Compliance. Regardless of when during the current fiscal year the TARP recipient determines the SEOs or the most highly compensated employees, the TARP recipient must ensure that any of the SEOs or employees potentially subject to the requirements in this part for the current fiscal year complies with the requirements in this part as applicable.

§ 30.4 Q–4: What actions are necessary for a TARP recipient to comply with the standards established under sections 111(b)(3)(A), 111(b)(3)(E), 111(b)(3)(F) and 111(c) of EESA (evaluation of employee plans and potential to encourage excessive risk or manipulation of earnings)?

(a) General rule. To comply with the standards established under sections 111(b)(3)(A), 111(b)(3)(E), 111(b)(3)(F) and 111(c) of EESA, a TARP recipient must establish a compensation committee by the later of ninety days after the closing date of the agreement between the TARP recipient and Treasury or September 14, 2009, and maintain a compensation committee during the remainder of the TARP period. If a compensation committee is already established before the later of the closing date or September 14, 2009, the TARP recipient must maintain its compensation committee. During the remainder of the TARP period after the later of ninety days after the closing date of the agreement between the TARP recipient and Treasury or September 14, 2009, the compensation committee must:

(1) Discuss, evaluate, and review at least every six months with the TARP recipient’s senior risk officers the SEO compensation plans to ensure that the SEO compensation plans do not encourage SEOs to take unnecessary and excessive risks that threaten the value of the TARP recipient;

(2) Discuss, evaluate, and review with senior risk officers at least every six months employee compensation plans...
in light of the risks posed to the TARP recipient by such plans and how to limit such risks;

(3) Discuss, evaluate, and review at least every six months the employee compensation plans of the TARP recipient to ensure that these plans do not encourage the manipulation of reported earnings of the TARP recipient to enhance the compensation of any of the TARP recipient’s employees;

(4) At least once per TARP recipient fiscal year, provide a narrative description of how the SEO compensation plans do not encourage the SEOs to take unnecessary and excessive risks that threaten the value of the TARP recipient, including how these SEO compensation plans do not encourage behavior focused on short-term results rather than long-term value creation, the risks posed by employee compensation plans and how these risks were limited, including how these employee compensation plans do not encourage behavior focused on short-term results rather than long-term value creation, and how the TARP recipient has ensured that the employee compensation plans do not encourage the manipulation of reported earnings of the TARP recipient to enhance the compensation of any of the TARP recipient’s employees; and

(5) Certify the completion of the reviews of the SEO compensation plans and employee compensation plans required under paragraphs (a)(1), (2), and (3) of this section.

(b) Exclusion of TARP recipients with no employees or no affected employees. For any period during which a TARP recipient has no employees, or has no SEO or compensation plan subject to the review process, the TARP recipient is not subject to the requirements of paragraph (a) of this section.

(c) Application to private TARP recipients. The rules provided in paragraph (a) of this section are also applicable to TARP recipients that do not have securities registered with the SEC pursuant to the Federal securities laws. A TARP recipient that does not have securities registered with the SEC pursuant to the Federal securities laws and has received $25,000,000 or less in financial assistance is subject to paragraph (a) of this section, except that, in lieu of establishing and maintaining a compensation committee, such a TARP recipient is permitted to ensure that all the members of the board of directors carry out the duties of the compensation committee as described in paragraph (a) of this section. However, such a TARP recipient will be required to establish and maintain a compensation committee satisfying the requirements of paragraph (a) of this section for the first fiscal year following a fiscal year during which the TARP recipient either registers securities with the SEC pursuant to the Federal securities laws or has received more than $25,000,000 in financial assistance, and during subsequent years of the TARP period.

(d) Application to TARP recipients that have never had an outstanding obligation. For TARP recipients that have never had an outstanding obligation, only paragraphs (a)(2), (a)(4), (a)(5) (but for the narrative and certification requirements of (a)(4) and (a)(5), applied only to the requirements of paragraph (a)(2)), (b) and (c) of this §30.4 (Q–4) shall apply.

§ 30.5 Q–5: How does a TARP recipient comply with the requirements under §30.4 (Q–4) of this part that the compensation committee discuss, evaluate, and review the SEO compensation plans and employee compensation plans to ensure that the SEO compensation plans do not encourage the SEOs to take unnecessary and excessive risks that threaten the value of the TARP recipient, or that the employee compensation plans do not pose unnecessary risks to the TARP recipient?

At least every six months, the compensation committee must discuss, evaluate, and review with the TARP recipient’s senior risk officers any risks (including long-term as well as short-term risks) that the TARP recipient faces that could threaten the value of the TARP recipient. The compensation committee must identify the features in the TARP recipient’s SEO compensation plans that could lead SEOs to take these risks and the features in the employee compensation plans that would encourage behavior focused on short-
