§ 21.565 Must DoD Components’ electronic systems accept Data Universal Numbering System (DUNS) numbers?

The DoD Components must comply with paragraph 5.e of the Office of Management and Budget (OMB) policy directive entitled, “Requirement for a DUNS number in Applications for Federal Grants and Cooperative Agreements.” Paragraph 5.e requires electronic systems that handle information about grants and cooperative agreements (which, for the DoD, include Technology Investment Agreements) to accept DUNS numbers. Each DoD Component that awards or administers grants or cooperative agreements must ensure that DUNS numbers are accepted by each such system for which the DoD Component controls the system specifications. If the specifications of such a system are subject to another organization’s control and the system can not accept DUNS numbers, the DoD Component must alert that organization to the OMB policy directive’s requirement for use of DUNS numbers with a copy to: Director for Basic Sciences, ODDR&E, 3040 Defense Pentagon, Washington, DC 20301–3040.

Subpart F—Definitions

§ 21.605 Acquisition.

The acquiring (by purchase, lease, or barter) of property or services for the direct benefit or use of the United States Government (see more detailed definition at 48 CFR 2.101). In accordance with 31 U.S.C. 6303, procurement contracts are the appropriate legal instruments for acquiring such property or services.

§ 21.610 Agreements officer.

An official with the authority to enter into, administer, and/or terminate technology investment agreements.
