forth in order to inform the NDRB adequately of the basis for the applicant’s position.

(iii) The applicant’s identification of an issue. The applicant is encouraged, but not required, to specify that each issue pertains to the propriety or the equity of the discharge. This will assist the NDRB in assessing the relationship of the issue to propriety or equity.

(4) Citation of matter from decisions. The primary function of the NDRB involves the exercise of discretion on a case-by-case basis. Applicants are not required to cite prior decisions as the basis for a change in discharge. If the applicant wishes to bring the NDRB’s attention to a prior decision as background or illustrative material, the citation should be placed in a brief or other supporting documents. If, however, it is the applicant’s intention to submit an issue that sets forth specific principles and facts from a specific cited decision, the following requirements with respect to applications received on or after November 27, 1982 apply:

(i) The issue must be set forth or expressly incorporated in the “Applicant’s Issue” portion of DD Form 293.

(ii) If an applicant’s issue cites a prior decision (of the NDRB, another Board, an agency, or a court), the applicant shall describe the specific principles and facts that are contained in the prior decision and explain the relevance of cited matter to the applicant’s case.

(iii) To ensure timely consideration of principles cited from unpublished opinions (including decisions maintained by the Armed Forces Discharge Review Board/Corrective Board Reading Room), applicants must provide the NDRB with copies of such decisions or of the relevant portion of the treatise, manual or similar source in which the principles were discussed. At the applicant’s request, such materials will be returned.

(iv) If the applicant fails to comply with requirements in §724.802(b)(4), the decisional document shall note the defect, and shall respond to the issue without regard to the citation.

(c) Identification by the NDRB of issues submitted by an applicant. The applicant’s issues shall be identified in accordance with this section after a review of the materials noted under §924.803, is made.

(1) Issues on DD Form 293. The NDRB shall consider all items submitted as issues by an applicant on DD Form 293 (or incorporated therein).

(2) Amendment of issues. The NDRB shall not request or instruct an applicant to amend or withdraw any matter submitted by the applicant. Any amendment or withdrawal of an issue by an applicant shall be confirmed in writing by the applicant. Nothing in this provision:

(i) Limits the NDRB’s authority to question an applicant as to the meaning of such matter;

(ii) Precludes the NDRB from developing decisional issues based upon such questions;

(iii) Prevents the applicant from amending or withdrawing such matter any time before the NDRB closes the review process for deliberation; or

(iv) Prevents the NDRB from presenting an applicant with a list of proposed decisional issues and written information concerning the right of the applicant to add to, amend, or withdraw the applicant’s submission. The written information will state that the applicant’s decision to take such action (or decline to do so) will not be used against the applicant in the consideration of the case.

(3) Additional issues identified during a hearing. The following additional procedure shall be used during a hearing in order to promote the NDRB’s understanding of an applicant’s presentation. If, before closing the case for deliberation, the NDRB believes that an applicant has presented an issue not listed on DD Form 293, the NDRB may so inform the applicant, and the applicant may submit the issue in writing or add additional written issues at that time. This does not preclude the NDRB from developing its own decisional issues.
