§ 165.T13–221 Safety Zone; Arctic Drilling and Support Vessels, Puget Sound, Washington.

(a) Location. The following area is a safety zone: All waters encompassed within 500 yards of the following vessels: NOBLE DISCOVERER, KULLUK, NORTICA, PENNICA, TOISA DAUNTLESS, TOR VIKING II, HARVEY EXPLORER, HARVEY SPIRIT, HARVY SISUQAQ, AIVIQ, NANUQ, GUARDSMAN, KALMATH, ARTIC CHALLENGER, TUUQ, LAUREN FOSS, CORBIN FOSS, ARCTIC ENDEAVOR, and POINT OLIKTOK, to include the lead towing vessels and assist tugs, and associated towing gear, including the towline, while these vessels are transiting in the Sector Puget Sound Captain Of The Port (COTP) Zone as defined in 33 CFR 3.65–10.

(b) Regulations. In accordance with the general regulations in 33 CFR part 165, subpart C, no person may enter or remain in the safety zone created in this rule unless authorized by the COTP or his Designated Representative. A “designated representative” is any Coast Guard commissioned, warrant or petty officer of the U.S. Coast Guard who has been designated by the COTP to act on his or her behalf. The COTP has granted general permission for persons or vessels to enter the outer 400 yards of the safety zone, aft of the pilot house of the vessel or lead towing vessels, as applicable, as long as those vessels within the outer 400 yards of the safety zone operate at the minimum speed necessary to maintain course unless required to maintain speed by the navigation rules. The COTP may be assisted by other federal, state, or local agencies with the enforcement of the safety zone.

(c) Authorization. All vessel operators who desire to enter the inner 100 yards of the safety zone or transit the outer 400 yards at greater than minimum speed necessary to maintain course unless required to maintain speed by the navigation rules must obtain permission from the COTP or a Designated Representative by contacting the on-scene Coast Guard patrol craft on VHF 13 or Ch 16. Requests must include the reason why movement within this area is necessary. Vessel operators granted permission to enter the safety zone will be escorted by the on-scene Coast Guard patrol craft until they are outside of the safety zone.

(d) Enforcement period. This rule will be enforced through August 1, 2012, unless cancelled sooner by the Captain of the Port.

The following is a regulated navigation area—All of the following northwestern Washington waters under the jurisdiction of the Captain of the Port, Puget Sound: Puget Sound, Hood Canal, Possession Sound, Elliott Bay, Commencement Bay, the San Juan Archipelago, Rosario Strait, Guemes Channel, Bellingham Bay, U.S. waters of the Strait of the Strait of Juan de Fuca, Haro Strait, Boundary Pass, and Georgia Strait, and all lesser bays and harbors adjacent to the above.

(a) Definitions as used in this section:

(1) Vessels engaged in fishing are as identified in the definition found in Rule 3 of the International Regulations for Prevention of Collisions at Sea, 1972. (72 COLREGS), found in appendix A, part 81 of this chapter.

(2) Hazardous levels of vessel traffic congestion are as defined at the time by Puget Sound Vessel Traffic Service.

(b) Nothing in this section shall be construed as relieving any party from their responsibility to comply with applicable rules set forth in the 72 COLREGS.

(c) General Regulations: The provisions of this paragraph apply at all times.

(1) Vessels engaged in fishing or other operations—that are distinct from vessels following a TSS or a connecting precautionary area east of New Dungeness and which are not required by the Bridge to Bridge Radiotelephone Regulations to maintain a listening watch, are highly encouraged to maintain a listening watch on the Puget Sound Vessel Traffic Service (PSVTS)
VHF-FM radio frequency for the area in which the vessel is operating. A safe alternative to the radio listening watch is to stay clear of the TSS and connecting precautionary area.

(2) Vessels engaged in gill net fishing at any time between sunset and sunrise in any of the waters defining the regulated navigation area of this section shall, in addition to the navigation lights and shapes required by Part 81 of this title (72 COLREGS), display at the end of the net most distant from the vessel on all-round (32-point) white light visible for a minimum of two nautical miles and displayed from at least three feet above the surface of the water.

(3) Vessels engaged in fishing, including gillnet and purse seine fishing, are prohibited in the following Prohibited Fishing Area: The Hood Canal Bridge, to include the waters within a one-half nautical mile radius of the center of the main ship channel draw span during the immediate approach and transit of the draw by public vessels of the United States.

(4) East of New Dungeness, vessels engaged in fishing in a traffic lane or connecting precautionary area shall tend nets or other gear placed in the water so as to facilitate the movement of the vessel or gear from the traffic lane or precautionary area upon the approach of a vessel following the TSS.

(d) Congested Regulations: The provisions under this paragraph apply only when imposed in specific locations by Puget Sound Vessel Traffic Service. They are intended to enhance vessel traffic safety during periods and in locations where hazardous levels of vessel traffic congestion are deemed to exist by Puget Sound Vessel Traffic Service. Operations potentially creating vessel traffic congestion include, but are not limited to, vessels engaged in fishing, including gillnet or purse seine, recreational fishing derbies, regattas, or permitted marine events.

(1) Vessels engaged in fishing or other operations—that are distinct from vessels following a Traffic Separation Scheme (TSS) or a connecting precautionary area east of New Dungeness, may not remain in, nor their gear remain in, a traffic lane or a connecting precautionary area east of New Dungeness when a vessel following a TSS approaches. Such vessels not following a TSS or a connecting precautionary area shall draw in their gear, maneuver, or otherwise clear these areas so that their action is complete at least fifteen minutes before the arrival of a vessel following the TSS. Vessels which are required by this paragraph to remain clear of a connecting precautionary area east of New Dungeness or a traffic lane must also remain clear of the adjacent separation zone when in a TSS east of New Dungeness.

(2) A vessel following the TSS may not exceed a speed of 11 knots through the water.

(3) Vessels engaged in fishing, including gillnet and purse seine fishing, are prohibited in the following Prohibited Fishing Area: Edmonds/Kingston ferry crossing lanes, to include the waters within one-quarter nautical mile on either side of a straight line connecting the Edmonds and Kingston ferry landings during the hours that the ferry is operating.

(e) Authorization to deviate from this section.

(1) Commander, Thirteenth Coast Guard District may, upon written request, issue an authorization to deviate from this section if the proposed deviation provides a level of safety equivalent to or beyond that provided by the required procedure. An application for authorization must state the need for the deviation and describe the proposed alternative operation.

(2) PSVTS may, upon verbal request, authorize a deviation from this section for a voyage, or part of a voyage, if the proposed deviation provides a level of safety equivalent to or beyond that provided by the required procedure. The deviation request must be made well in advance to allow the requesting vessel and the Vessel Traffic Center (VTC) sufficient time to assess the safety of the proposed deviation. Discussions between the requesting vessel and the VTC should include, but are not limited to, information on vessel handling characteristics, traffic density, radar contracts, and environmental conditions.
§ 165.1302 Bangor Naval Submarine Base, Bangor, WA

(a) Location. The following is a security zone: The waters of the Hood Canal encompassed by a line commencing on the east shore of Hood Canal at latitude 47°43′17″ N., longitude 122°44′44″ W., thence to latitude 47°43′32″ N., longitude 122°44′40″ W.; thence to latitude 47°43′50″ N., longitude 122°44′40″ W.; thence to latitude 47°44′24″ N., longitude 122°44′22″ W.; thence to latitude 47°45′47″ N., longitude 122°43′22″ W.; thence to latitude 47°46′23″ N., longitude 122°42′42″ W.; thence to latitude 47°46′20″ N., longitude 122°42′12″ W.; thence southerly along the shoreline to the point of beginning.

(b) Security zone anchorage. The following is a security zone anchorage: Area No. 2. Waters of Hood Canal within a circle of 1,000 yards diameter centered on a point located at latitude 47°46′26″ N., longitude 122°42′49″ W.

(c) Special Regulations. (1) Section 165.33 paragraphs, (a), (e), and (f) do not apply to the following vessels or individuals on board those vessels:
(i) Public vessels of the United States, other than United States Naval vessels.
(ii) Vessels that are performing work at Naval Submarine Base Bangor pursuant to a contract with the United States Navy which requires their presence in the security zone.
(iii) Any other vessels or class of vessels mutually agreed upon in advance by the Captain of the Port and Commanding Officer, Naval Submarine Base Bangor. Vessels operating in the security zone under this exemption must have previously obtained a copy of a certificate of exemption permitting their operation in the security zone from the Security Office, Naval Submarine Base Bangor. This written exemption shall state the date(s) on which it is effective and may contain any further restrictions on vessel operations within the security zone as have been previously agreed upon by the Captain of the Port and Commanding Officer, Naval Submarine Base Bangor.

(d) Enforcement. The U.S. Coast Guard may be assisted in the patrol and monitoring of this security zone by the U.S. Navy.

[CGD 13-98-002, 63 FR 7708, Feb. 17, 1998]

§ 165.1303 Puget Sound and adjacent waters, WA—regulated navigation area.

(a) The following is a regulated navigation area: the waters of the United States east of a line extending from Discovery Island Light to New Dungeness Light and all points in the Puget Sound area north and south of these lights.

(b) Regulations. (1) Tank vessel navigation restrictions: Tank vessels larger than 125,000 deadweight tons bound for a port or place in the United States may not operate in the regulated navigation area.

(2) Commander, Thirteenth Coast Guard District may, upon written request, issue an authorization to deviate from paragraph (b)(1) of this section if it is determined that such deviation provides an adequate level of safety. Any application for authorization must state the need and fully describe the proposed procedure.

(c) Precautionary Area Regulations. (1) A vessel in a precautionary area which is depicted on National Oceanic and Atmospheric Administration (NOAA) nautical charts, except precautionary...
