§ 303.6 Child.

Child means an individual under the age of six and may include an infant or toddler with a disability, as that term is defined in §303.21.

(Authority: 20 U.S.C. 1432(5))

§ 303.7 Consent.

Consent means that—

(a) The parent has been fully informed of all information relevant to the activity for which consent is sought, in the parent’s native language, as defined in §303.25;

(b) The parent understands and agrees in writing to the carrying out of the activity for which the parent’s consent is sought, and the consent form describes that activity and lists the early intervention records (if any) that will be released and to whom they will be released; and

(c)(1) The parent understands that the granting of consent is voluntary on the part of the parent and may be revoked at any time.

(2) If a parent revokes consent, that revocation is not retroactive (i.e., it does not apply to an action that occurred before the consent was revoked).

(Authority: 20 U.S.C. 1439)

§ 303.8 Council.

Council means the State Interagency Coordinating Council that meets the requirements of subpart G of this part.

(Authority: 20 U.S.C. 1432(2))

§ 303.9 Day.

Day means calendar day, unless otherwise indicated.

(Authority: 20 U.S.C. 1221e–3)

§ 303.10 Developmental delay.

Developmental delay, when used with respect to a child residing in a State, has the meaning given that term by the State under §303.111.

(Authority: 20 U.S.C. 1432(3))

§ 303.11 Early intervention service program.

Early intervention service program or EIS program means an entity designated by the lead agency for reporting under §§303.700 through 303.702.

(Authority: 20 U.S.C. 1416, 1431–1444)

§ 303.12 Early intervention service provider.

(a) Early intervention service provider or EIS provider means an entity (whether public, private, or nonprofit) or an individual that provides early intervention services under part C of the Act, whether or not the entity or individual receives Federal funds under part C of the Act, and may include, where appropriate, the lead agency and a public agency responsible for providing early intervention services to infants and toddlers with disabilities in the State under part C of the Act.

(b) An EIS provider is responsible for—

(1) Participating in the multidisciplinary individualized family service plan (IFSP) Team’s ongoing assessment of an infant or toddler with a disability and a family-directed assessment of the resources, priorities, and concerns of the infant’s or toddler’s family, as related to the needs of the infant or toddler, in the development of integrated goals and outcomes for the IFSP;

(2) Providing early intervention services in accordance with the IFSP of the infant or toddler with a disability; and

(3) Consulting with and training parents and others regarding the provision of the early intervention services described in the IFSP of the infant or toddler with a disability.

(Authority: 20 U.S.C. 1431–1444)

§ 303.13 Early intervention services.

(a) General. Early intervention services means developmental services that—

(1) Are provided under public supervision;

(2) Are selected in collaboration with the parents;

(3) Are provided at no cost, except, subject to §§303.520 and 303.521, where Federal or State law provides for a system of payments by families, including a schedule of sliding fees;

(4) Are designed to meet the developmental needs of an infant or toddler with a disability and the needs of the family to assist appropriately in the
infant’s or toddler’s development, as identified by the IFSP Team, in any one or more of the following areas, including—

(i) Physical development;
(ii) Cognitive development;
(iii) Communication development;
(iv) Social or emotional development; or
(v) Adaptive development;

(5) Meet the standards of the State in which the early intervention services are provided, including the requirements of part C of the Act;

(6) Include services identified under paragraph (b) of this section;

(7) Are provided by qualified personnel (as that term is defined in §303.31), including the types of personnel listed in paragraph (c) of this section;

(8) To the maximum extent appropriate, are provided in natural environments, as defined in §303.26 and consistent with §§303.126 and 303.344(d); and

(9) Are provided in conformity with an IFSP adopted in accordance with section 636 of the Act and §303.20.

(b) Types of early intervention services. Subject to paragraph (d) of this section, early intervention services include the following services defined in this paragraph:

(1) Assistive technology device and service are defined as follows:

(i) Assistive technology device means any item, piece of equipment, or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve the functional capabilities of an infant or toddler with a disability. The term does not include a medical device that is surgically implanted, including a cochlear implant, or the optimization (e.g., mapping), maintenance, or replacement of that device.

(ii) Assistive technology service means any service that directly assists an infant or toddler with a disability in the selection, acquisition, or use of an assistive technology device. The term includes—

(A) The evaluation of the needs of an infant or toddler with a disability, including a functional evaluation of the infant or toddler with a disability in the child’s customary environment;

(B) Purchasing, leasing, or otherwise providing for the acquisition of assistive technology devices by infants or toddlers with disabilities;

(C) Selecting, designing, fitting, customizing, adapting, applying, maintaining, repairing, or replacing assistive technology devices;

(D) Coordinating and using other therapies, interventions, or services with assistive technology devices, such as those associated with existing education and rehabilitation plans and programs;

(E) Training or technical assistance for an infant or toddler with a disability or, if appropriate, that child’s family; and

(F) Training or technical assistance for professionals (including individuals providing education or rehabilitation services) or other individuals who provide services to, or are otherwise substantially involved in the major life functions of, infants and toddlers with disabilities.

(2) Audiology services include—

(i) Identification of children with auditory impairments, using at-risk criteria and appropriate audiologic screening techniques;

(ii) Determination of the range, nature, and degree of hearing loss and communication functions, by use of audiological evaluation procedures;

(iii) Referral for medical and other services necessary for the habilitation or rehabilitation of an infant or toddler with a disability who has an auditory impairment;

(iv) Provision of auditory training, aural rehabilitation, speech reading and listening devices, orientation and training, and other services;

(v) Provision of services for prevention of hearing loss; and

(vi) Determination of the child’s individual amplification, including selecting, fitting, and dispensing appropriate listening and vibrotactile devices, and evaluating the effectiveness of those devices.

(3) Family training, counseling, and home visits means services provided, as appropriate, by social workers, psychologists, and other qualified personnel to assist the family of an infant
or toddler with a disability in understanding the special needs of the child and enhancing the child’s development.

(4) Health services has the meaning given the term in §303.16.

(5) Medical services means services provided by a licensed physician for diagnostic or evaluation purposes to determine a child’s developmental status and need for early intervention services.

(6) Nursing services include—

(i) The assessment of health status for the purpose of providing nursing care, including the identification of patterns of human response to actual or potential health problems;

(ii) The provision of nursing care to prevent health problems, restore or improve functioning, and promote optimal health and development; and

(iii) The administration of medications, treatments, and regimens prescribed by a licensed physician.

(7) Nutrition services include—

(i) Conducting individual assessments in—

(A) Nutritional history and dietary intake;

(B) Anthropometric, biochemical, and clinical variables;

(C) Feeding skills and feeding problems; and

(D) Food habits and food preferences;

(ii) Developing and monitoring appropriate plans to address the nutritional needs of children eligible under this part, based on the findings in paragraph (b)(7)(i) of this section; and

(iii) Making referrals to appropriate community resources to carry out nutrition goals.

(8) Occupational therapy includes services to address the functional needs of an infant or toddler with a disability related to adaptive development, adaptive behavior, and play, and sensory, motor, and postural development. These services are designed to improve the child’s functional ability to perform tasks in home, school, and community settings, and include—

(i) Identification, assessment, and intervention;

(ii) Adaptation of the environment, and selection, design, and fabrication of assistive and orthotic devices to facilitate development and promote the acquisition of functional skills; and

(iii) Prevention or minimization of the impact of initial or future impairment, delay in development, or loss of functional ability.

(9) Physical therapy includes services to address the promotion of sensorimotor function through enhancement of musculoskeletal status, neurobehavioral organization, perceptual and motor development, cardiopulmonary status, and effective environmental adaptation. These services include—

(i) Screening, evaluation, and assessment of children to identify movement dysfunction;

(ii) Obtaining, interpreting, and integrating information appropriate to program planning to prevent, alleviate, or compensate for movement dysfunction and related functional problems; and

(iii) Providing individual and group services or treatment to prevent, alleviate, or compensate for movement dysfunction and related functional problems.

(10) Psychological services include—

(i) Administering psychological and developmental tests and other assessment procedures;

(ii) Interpreting assessment results;

(iii) Obtaining, integrating, and interpreting information about child behavior and child and family conditions related to learning, mental health, and development; and

(iv) Planning and managing a program of psychological services, including psychological counseling for children and parents, family counseling, consultation on child development, parent training, and education programs.

(11) Service coordination services has the meaning given the term in §303.34.

(12) Sign language and cued language services include teaching sign language, cued language, and auditory/oral language, providing oral transliteration services (such as amplification), and providing sign and cued language interpretation.

(13) Social work services include—

(i) Making home visits to evaluate a child’s living conditions and patterns of parent-child interaction;

(ii) Preparing a social or emotional developmental assessment of the infant or toddler within the family context;
(iii) Providing individual and family-group counseling with parents and other family members, and appropriate social skill-building activities with the infant or toddler and parents;

(iv) Working with those problems in the living situation (home, community, and any center where early intervention services are provided) of an infant or toddler with a disability and the family of that child that affect the child’s maximum utilization of early intervention services; and

(v) Identifying, mobilizing, and coordinating community resources and services to enable the infant or toddler with a disability and the family to receive maximum benefit from early intervention services.

(14) Special instruction includes—

(i) The design of learning environments and activities that promote the infant’s or toddler’s acquisition of skills in a variety of developmental areas, including cognitive processes and social interaction;

(ii) Curriculum planning, including the planned interaction of personnel, materials, and time and space, that leads to achieving the outcomes in the IFSP for the infant or toddler with a disability;

(iii) Providing families with information, skills, and support related to enhancing the skill development of the child; and

(iv) Working with the infant or toddler with a disability to enhance the child’s development.

(15) Speech-language pathology services include—

(i) Identification of children with communication or language disorders and delays in development of communication skills, including the diagnosis and appraisal of specific disorders and delays in those skills;

(ii) Referral for medical or other professional services necessary for the habilitation or rehabilitation of children with communication or language disorders and delays in development of communication skills; and

(iii) Provision of services for the habilitation, rehabilitation, or prevention of communication or language disorders and delays in development of communication skills.

(16) Transportation and related costs include the cost of travel and other costs that are necessary to enable an infant or toddler with a disability and the child’s family to receive early intervention services.

(17) Vision services mean—

(i) Evaluation and assessment of visual functioning, including the diagnosis and appraisal of specific visual disorders, delays, and abilities that affect early childhood development;

(ii) Referral for medical or other professional services necessary for the habilitation or rehabilitation of visual functioning disorders, or both; and

(iii) Communication skills training, orientation and mobility training for all environments, visual training, and additional training necessary to activate visual motor abilities.

(c) Qualified personnel. The following are the types of qualified personnel who provide early intervention services under this part:

(1) Audiologists.

(2) Family therapists.

(3) Nurses.

(4) Occupational therapists.

(5) Orientation and mobility specialists.

(6) Pediatricians and other physicians for diagnostic and evaluation purposes.

(7) Physical therapists.

(8) Psychologists.

(9) Registered dieticians.

(10) Social workers.

(11) Special educators, including teachers of children with hearing impairments (including deafness) and teachers of children with visual impairments (including blindness).

(12) Speech and language pathologists.

(13) Vision specialists, including ophthalmologists and optometrists.

(d) Other services. The services and personnel identified and defined in paragraphs (b) and (c) of this section do not comprise exhaustive lists of the types of services that may constitute early intervention services or the types of qualified personnel that may provide early intervention services. Nothing in this section prohibits the identification in the IFSP of another type of service as an early intervention service.
provided that the service meets the criteria identified in paragraph (a) of this section or of another type of personnel that may provide early intervention services in accordance with this part, provided such personnel meet the requirements in §303.31.

(Authority: 20 U.S.C. 1432(4))

§ 303.14 Elementary school.

Elementary school means a nonprofit institutional day or residential school, including a public elementary charter school, that provides elementary education, as determined under State law.

(Authority: 20 U.S.C. 1401(6))

§ 303.15 Free appropriate public education.

Free appropriate public education or FAPE, as used in §§303.211, 303.501, and 303.521, means special education and related services that—

(a) Are provided at public expense, under public supervision and direction, and without charge;

(b) Meet the standards of the State educational agency (SEA), including the requirements of part B of the Act;

(c) Include an appropriate preschool, elementary school, or secondary school education in the State involved; and

(d) Are provided in conformity with an individualized education program (IEP) that meets the requirements of 34 CFR 300.320 through 300.324.

(Authority: 20 U.S.C. 1401(9))

§ 303.16 Health services.

(a) Health services mean services necessary to enable an otherwise eligible child to benefit from the other early intervention services under this part during the time that the child is eligible to receive early intervention services.

(b) The term includes—

(1) Such services as clean intermittent catheterization, tracheostomy care, tube feeding, the changing of dressings or colostomy collection bags, and other health services; and

(2) Consultation by physicians with other service providers concerning the special health care needs of infants and toddlers with disabilities that will need to be addressed in the course of providing other early intervention services.

(c) The term does not include—

(1) Services that are—

(i) Surgical in nature (such as cleft palate surgery, surgery for club foot, or the shunting of hydrocephalus);

(ii) Purely medical in nature (such as hospitalization for management of congenital heart ailments, or the prescribing of medicine or drugs for any purpose); or

(iii) Related to the implementation, optimization (e.g., mapping), maintenance, or replacement of a medical device that is surgically implanted, including a cochlear implant.

(A) Nothing in this part limits the right of an infant or toddler with a disability with a surgically implanted device (e.g., cochlear implant) to receive the early intervention services that are identified in the child's IFSP as being needed to meet the child's developmental outcomes.

(B) Nothing in this part prevents the EIS provider from routinely checking that either the hearing aid or the external components of a surgically implanted device (e.g., cochlear implant) of an infant or toddler with a disability are functioning properly;

(2) Devices (such as heart monitors, respirators and oxygen, and gastrointestinal feeding tubes and pumps) necessary to control or treat a medical condition; and

(3) Medical-health services (such as immunizations and regular “well-baby” care) that are routinely recommended for all children.

(Authority: 20 U.S.C. 1432(4))

§ 303.17 Homeless children.

Homeless children means children who meet the definition given the term homeless children and youths in section 725 (42 U.S.C. 11434a) of the McKinney-Vento Homeless Assistance Act, as amended, 42 U.S.C. 11431 et seq.

(Authority: 20 U.S.C. 1401(11))

§ 303.18 Include; including.

Include or including means that the items named are not all of the possible items that are covered, whether like or unlike the ones named.

(Authority: 20 U.S.C. 1221e-3)
