§ 668.34 Satisfactory academic progress.

(a) *Satisfactory academic progress policy.* An institution must establish a reasonable satisfactory academic progress policy for determining whether an otherwise eligible student is making satisfactory academic progress in his or her educational program and may receive assistance under the title IV, HEA programs. The Secretary considers the institution's policy to be reasonable if—

(1) The policy is at least as strict as the policy the institution applies to a student who is not receiving assistance under the title IV, HEA programs;

(2) The policy provides for consistent application of standards to all students within categories of students, *e.g.*, full-time, part-time, undergraduate, and graduate students, and educational programs established by the institution;

(3) The policy provides that a student's academic progress is evaluated—

(i) At the end of each payment period if the educational program is either one academic year in length or shorter than an academic year; or

(ii) For all other educational programs, at the end of each payment period or at least annually to correspond with the end of a payment period;

(4)(i) The policy specifies the grade point average (GPA) that a student must achieve at each evaluation, or if a GPA is not an appropriate qualitative measure, a comparable assessment measured against a norm; and

(ii) If a student is enrolled in an educational program of more than two academic years, the policy specifies that at the end of the second academic year, the student must have a GPA of at least a "C" or its equivalent, or have academic standing consistent with the institution's requirements for graduation;

(5)(i) The policy specifies the pace at which a student must progress through his or her educational program to en-

sure that the student will complete the program within the maximum time-frame, as defined in paragraph (b) of this section, and provides for measurement of the student's progress at each evaluation; and

(ii) An institution calculates the pace at which the student is progressing by dividing the cumulative number of hours the student has successfully completed by the cumulative number of hours the student has attempted. In making this calculation, the institution is not required to include remedial courses;

(6) The policy describes how a student's GPA and pace of completion are affected by course incompletes, withdrawals, or repetitions, or transfers of credit from other institutions. Credit hours from another institution that are accepted toward the student's educational program must count as both attempted and completed hours;

(7) Except as provided in paragraphs (c) and (d) of this section, the policy provides that, at the time of each evaluation, a student who has not achieved the required GPA, or who is not successfully completing his or her educational program at the required pace, is no longer eligible to receive assistance under the title IV, HEA programs;

(8) If the institution places students on financial aid warning, or on financial aid probation, as defined in paragraph (b) of this section, the policy describes these statuses and that—

(i) A student on financial aid warning may continue to receive assistance under the title IV, HEA programs for one payment period despite a determination that the student is not making satisfactory academic progress. Financial aid warning status may be assigned without an appeal or other action by the student; and

(ii) A student on financial aid probation may receive title IV, HEA program funds for one payment period. While a student is on financial aid probation, the institution may require the student to fulfill specific terms and conditions such as taking a reduced course load or enrolling in specific courses. At the end of one payment period on financial aid probation, the student must meet the institution's satisfactory academic progress standards or

meet the requirements of the academic plan developed by the institution and the student to qualify for further title IV, HEA program funds;

(9) If the institution permits a student to appeal a determination by the institution that he or she is not making satisfactory academic progress, the policy describes—

(i) How the student may reestablish his or her eligibility to receive assistance under the title IV, HEA programs;

(ii) The basis on which a student may file an appeal: The death of a relative, an injury or illness of the student, or other special circumstances; and

(iii) Information the student must submit regarding why the student failed to make satisfactory academic progress, and what has changed in the student's situation that will allow the student to demonstrate satisfactory academic progress at the next evaluation;

(10) If the institution does not permit a student to appeal a determination by the institution that he or she is not making satisfactory academic progress, the policy must describe how the student may reestablish his or her eligibility to receive assistance under the title IV, HEA programs; and

(11) The policy provides for notification to students of the results of an evaluation that impacts the student's eligibility for title IV, HEA program funds.

(b) *Definitions.* The following definitions apply to the terms used in this section:

(2) For the payment period following the payment period in which the student did not make satisfactory academic progress, the institution may—

(i) Place the student on financial aid warning, and disburse title IV, HEA program funds to the student; or

(ii) Place a student directly on financial aid probation, following the procedures outlined in paragraph (d)(2) of this section and disburse title IV, HEA program funds to the student.
