right-of-way under this subpart may include an appropriation and release to the State or its nominee of all rights of the United States, as owner of underlying and abutting lands, to cross over or gain access to the highway from its lands crossed by or abutting the right-of-way, subject to such terms and conditions and for such duration as the authorized officer of the National Park Service deems appropriate.

A right-of-way granted under this subpart confers upon the grantee the right to use the lands within the right-of-way for highway purposes only. Separate application must be made under pertinent statutes and regulations in order to obtain authorization to use the lands within such rights-of-way for other purposes. Additional rights-of-way will be subject to the highway rights-of-way. Future relocation or change of the additional right-of-way made necessary by the highway use will be accomplished at the expense of the additional right-of-way grantee. Prior to the granting of an additional right-of-way the applicant therefor will submit to the authorized officer a written statement from the highway right-of-way grantee indicating any objections it may have thereto, and such stipulations as it considers desirable for the additional right-of-way.

§ 14.60 General.

No application under the regulations of this part is required for a right-of-way within the limits of a highway right-of-way granted pursuant to Title 23, United States Code, for facilities usual to a highway, except (a) where terms of the grant or a provision of law specifically requires the filing of an application for a right-of-way, (b) where the right-of-way is for electric transmission facilities which are designed for operation at a nominal voltage of 33 KV or above or for conversion to such operation, or (c) where the right-of-way is for oil or gas pipelines which are part of a pipeline crossing other public lands, or if not part of such a pipeline, which are more than two miles long. When an application is not required under the provisions of this subpara-
