§ 60.12 Nomination appeals.

(a) Any person or local government may appeal to the Keeper the failure or refusal of a nominating authority to nominate a property that the person or local government considers to meet the National Register criteria for evaluation upon decision of a nominating authority to not nominate a property for any reason when requested pursuant to §60.11, or upon failure of a State Historic Preservation Officer to nominate a property recommended by the State Review Board. (This action differs from the procedure for appeals during the review of a nomination by the National Park Service where an individual or organization may “petition the Keeper during the nomination process,” as specified in §§60.6(t) and 60.9(i). Upon receipt of such petition the normal 45-day review period will be extended for 30 days beyond the date of the petition to allow the petitioner to provide additional documentation for review.)

(b) Such appeal shall include a copy of the nomination form and documentation previously submitted to the State Historic Preservation Officer or Federal Preservation Officer, an explanation of why the applicant is submitting the appeal in accord with this section and shall include pertinent correspondence from the State Historic Preservation Officer or Federal Preservation Officer.

(c) The Keeper will respond to the appellant and the State Historic Preservation Officer or Federal Preservation Officer with a written explanation either denying or sustaining the appeal within 45 days of receipt. If the appeal is sustained, the Keeper will:

1. Request the State Historic Preservation Officer or Federal Preservation Officer to submit the nomination to the Keeper within 15 days if the nomination has completed the procedural requirements for nomination as described in §§60.6 or 60.9 except that concurrence of the State Review Board, State Historic Preservation Officer or Federal Preservation Officer is not required; or

2. If the nomination has not completed these procedural requirements, request the State Historic Preservation Officer or Federal Preservation Officer to promptly process the nomination pursuant to §§60.6 or 60.9 and submit the nomination to the Keeper without delay.

(d) State Historic Preservation Officers and Federal Preservation Officers shall process and submit such nominations if so requested by the Keeper pursuant to this section. The Secretary reserves the right to list properties in the National Register or determine properties eligible for such listing on his own motion when necessary to assist in the preservation of historic resources and after notifying the owner and appropriate parties and allowing for a 30-day comment period.

(e) No person shall be considered to have exhausted administrative remedies with respect to failure to nominate a property to the National Register until he or she has complied with procedures set forth in this section. The decision of the Keeper is the final administrative action on such appeals.

[48 FR 46308, Oct. 12, 1983]

§ 60.13 Publication in the Federal Register and other NPS notification.

(a) When a nomination is received, NPS will publish notice in the FEDERAL REGISTER that the property is being considered for listing in the National Register. A 15-day commenting period from date of publication will be provided. When necessary to assist in the preservation of historic properties this 15-day period may be shortened or waived.

(b) NPS shall notify the appropriate State Historic Preservation Officer, Federal Preservation Officer, person or local government when there is no approved State Historic Preservation Program of the listing of the property in the National Register. A 15-day commenting period shall follow notice of the listing in the FEDERAL REGISTER.

(c) In nominations where the owner of any privately owned property (or a majority of the owners of such properties within a district or single property with multiple owners) has objected and the Keeper has determined the nomination eligible for the National Register, NPS shall notify the State Historic Preservation Officer, the Federal Preservation Officer (for Federal or concurrent nominations), the person or local government where there is no approved State Historic Preservation Program.
§ 60.14 Changes and revisions to properties listed in the National Register.

(a) Boundary changes. (1) A boundary alteration shall be considered as a new property nomination. All forms, criteria and procedures used in nominating a property to the National Register must be used. In the case of boundary enlargements only those owners in the newly nominated as yet unlisted area need be notified and will be counted in determining whether a majority of private owners object to listing. In the case of a diminution of a boundary, owners shall be notified as specified in § 60.15 concerning removing properties from the National Register. A professionally justified recommendation by the State Historic Preservation Officer, Federal Preservation Officer, or person or local government where there is no approved State Historic Preservation Program shall be presented to NPS. During this process, the property is not taken off the National Register. If the Keeper or his or her designee finds the recommendation in accordance with the National Register criteria for evaluation, the change will be accepted. If the boundary change is not accepted, the old boundaries will remain. Boundary revisions may be appealed as provided for in §§ 60.12 and 60.15.

(2) Four justifications exist for altering a boundary: Professional error in the initial nomination, loss of historic integrity, recognition of additional significance, additional research documenting that a larger or smaller area should be listed. No enlargement of a boundary should be recommended unless the additional area possesses previously unrecognized significance in American history, architecture, archeology, engineering or culture. No diminution of a boundary should be recommended unless the properties being removed do not meet the National Register criteria for evaluation. Any proposal to alter a boundary has to be documented in detail including photographing the historic resources falling between the existing boundary and the other proposed boundary.

(b) Relocating properties listed in the National Register. (1) Properties listed in the National Register should be moved only when there is no feasible alternative for preservation. When a property is moved, every effort should be made to reestablish its historic orientation, immediate setting, and general environment.

(2) If it is proposed that a property listed in the National Register be moved and the State Historic Preservation Officer, Federal agency for a property under Federal ownership or control, or person or local government where there is no approved State Historic Preservation Program, wishes the property to remain in the National Register during and after the move, the State Historic Preservation Officer or Federal Preservation Officer having ownership or control or person or local government where there is no approved State Historic Preservation Program, shall submit documentation to NPS prior to the move. The documentation shall discuss:

(i) The reasons for the move;
(ii) The effect on the property’s historic integrity;
(iii) The new setting and general environment of the proposed site, including evidence that the proposed site does not possess historical or archeological significance that would be adversely affected by the intrusion of the property; and
(iv) Photographs showing the proposed location.

(3) Any such proposal with respect to the new location shall follow the required notification procedures, shall be approved by the State Review Board if it is a State nomination and shall continue to follow normal review procedures. The Keeper shall also follow the required notification procedures for nominations. The Keeper shall respond to a properly documented request within 45 days of receipt from the State Historic Preservation Officer or Federal Preservation Officer, or within 90 days of receipt from a person or local government where there is no approved State Historic Preservation Program, concerning whether or not the move is
