§ 52.160 Specialized rehabilitative services.

(a) Provision of services. If specialized rehabilitative services such as, but not limited to, physical therapy, speech therapy, occupational therapy, and mental health services for mental illness are required in the participant’s comprehensive plan of care, program management must—

(1) Provide the required services; or

(2) Obtain the required services and equipment from an outside resource, in accordance with §52.210(h), from a provider of specialized rehabilitative services.

(b) Specialized rehabilitative services must be provided under the written order of a physician by qualified personnel.

38 CFR Ch. I (7–1–12 Edition)

(c) Availability of acute care. The program management must provide or arrange for the provision of acute care when it is indicated.

(d) Availability of physicians for emergency care. In case of an emergency, the program management must provide or arrange for the provision of physician services when the program has participants under its care.

(e) Physician delegation of tasks. (1) A primary physician may delegate tasks to:

(i) A certified physician assistant or a certified nurse practitioner, or

(ii) A clinical nurse specialist who—

(A) Is acting within the scope of practice as defined by State law; and

(B) Is under the supervision of the physician.

(2) The primary physician may not delegate a task when the provisions of this part specify that the primary physician must perform it personally, or when the delegation is prohibited under State law or by the facility’s own policies.

§ 52.170 Dental services.

(a) Program management must, if necessary, assist the participant and family/caregiver—

(1) In making appointments; and

(2) By arranging for transportation to and from the dental services.

(b) Program management must promptly assist and refer participants with lost or damaged dentures to a dentist.

§ 52.180 Administration of drugs.

The program management must assist with the management of medication and have a system for disseminating drug information to participants and program staff.

(a) Procedures. (1) The program management must provide reminders or prompts to participants to initiate and follow through with self-administration of medications.

(2) The program management must establish a system of records to document the administration of drugs by participants and/or staff.

(b) Service consultation. The program management must store all drugs, biologicals, and controlled schedule II drugs listed in 21 CFR 1308.12 in locked compartments under proper temperature controls, permit only authorized personnel to have access, and otherwise comply with all applicable State and Federal laws.
for the services of a pharmacist licensed in the State in which the program is located who provides consultation, as needed, on all the provision of drugs.

(The Office of Management and Budget has approved the information collection requirements in this paragraph under control number 2900–0160)

§ 52.200 Physical environment.

The physical environment must be designed, constructed, equipped, and maintained to protect the health and safety of participants, personnel and the public.

(a) Life safety from fire. The facility must meet the applicable provisions of the National Fire Protection Association’s NFPA 101, Life Safety Code, 2000 edition. Incorporation by reference this document was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. The document incorporated by reference is available for inspection at the Department of Veterans Affairs, Office of Regulations Management (02D), Room 1154, 810 Vermont Avenue, NW., Washington, DC 20420 or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html. Copies may be obtained from the National Fire Protection Association, Battery March Park, Quincy, MA 02269. (For ordering information, call toll-free 1–800–344–3555.)

(b) Space and equipment. (1) Program management must—

(i) Provide sufficient space and equipment in dining, health services, recreation, and program areas to enable staff to provide participants with needed services as required by these standards and as identified in each participant’s plan of care; and

(ii) Maintain all essential mechanical, electrical, and patient care equipment in safe operating condition.

(2) Each adult day health care program, when it is co-located in a nursing home, domiciliary, or other care facility, must have its own separate designated space during operational hours.

(3) The indoor space for an adult day health care program must be at least 100 square feet per participant including office space for staff and must be 60 square feet per participant excluding office space for staff.

(4) Each program will need to design and partition its space to meet its own needs, but a minimal number of functional areas must be available. These include:

(i) A dividable multipurpose room or area for group activities, including dining, with adequate table-setting space.

(ii) Rehabilitation rooms or an area for individual and group treatments for occupational therapy, physical therapy, and other treatment modalities.

(iii) A kitchen area for refrigerated food storage, the preparation of meals and/or training participants in activities of daily living.

(iv) An examination and/or medication room.
