§ 59.150 Domiciliary care requirements.

As a condition for receiving a grant and grant funds for a domiciliary under this part, the domiciliary must meet the requirements for a nursing home specified in § 59.140 of this part.

(Authority: 38 U.S.C. 101, 501, 1710, 1742, 8105, 8131–8137)

§ 59.160 Adult day health care requirements.

As a condition for receiving a grant and grant funds under this part for an adult day health care facility, States must meet the requirements of this section.

(a) Each adult day health care program, when it is co-located in a nursing home, domiciliary, or other care facility, must have its own separate designated space during operational hours.

(b) The indoor space for an adult day health care program must be at least 100 square feet per participant including office space for staff, and must be 60 square feet per participant excluding office space for staff.

(c) Each program will need to design and partition its space to meet its own needs, but the following functional areas must be available:

(1) A dividable multipurpose room or area for group activities, including dining, with adequate table setting space.

Department of Veterans Affairs

§ 59.160

(2) Rehabilitation rooms or an area for individual and group treatments for occupational therapy, physical therapy, and other treatment modalities.

(3) A kitchen area for refrigerated food storage, the preparation of meals and/or training participants in activities of daily living.

(4) An examination and/or medication room.

(5) A quiet room (with at least one bed), which functions to isolate participants who become ill or disruptive, or who require rest, privacy, or observation. It should be separate from activity areas, near a restroom, and supervised.

(6) Bathing facilities adequate to facilitate bathing of participants with functional impairments.

(7) Toilet facilities and bathrooms easily accessible to people with mobility problems, including participants in wheelchairs. There must be at least one toilet for every eight participants. The toilets must be equipped for use by persons with limited mobility, easily accessible from all program areas, *i.e.*, preferably within 40 feet from that area, designed to allow assistance from one or two staff, and barrier free.

(8) Adequate storage space. There should be space to store arts and crafts materials, personal clothing and belongings, wheelchairs, chairs, indi-

vidual handiwork, and general supplies. Locked cabinets must be provided for files, records, supplies, and medications.

(9) An individual room for counseling and interviewing participants and family members.

(10) A reception area.

(11) An outside space that is used for outdoor activities that is safe, accessible to indoor areas, and accessible to those with a disability. This space may include recreational space and a garden area. It should be easily supervised by staff.

(d) *Furnishings* must be available for all participants. This must include functional furniture appropriate to the participants' needs.

(e) Unless determined by VA as necessary to accommodate an increased quality of care for patients, an adult day health care facility project may propose a deviation of no more than 10 percent (more or less) from the following net square footage for the State to be eligible for a grant of 65 percent of the total estimated cost of the project. If the project proposes building more than the following net square footage and VA makes a determination that it is not needed, the cost of the additional net square footage will not be included in the estimated total cost of construction.
