§ 3050.12 Obsolescence of special studies relied on to produce the Postal Service’s annual periodic reports to the Commission.

The Postal Service shall provide a list of special studies whose results are used to produce the estimates in its annual periodic reports to the Commission. It shall indicate the date the study was completed and whether the study reflects current operating conditions and procedures. The Postal Service shall update the list annually.

§ 3050.13 Additional documentation required in the Postal Service’s section 3652 report.

At the time the Postal Service files its section 3652 report, it shall include a brief narrative explanation of any changes to accepted analytical principles that have been made since the most recent Annual Compliance Determination was issued and the reasons that those changes were accepted.

§ 3050.14 Format of the Postal Service’s section 3652 report.

The Postal Service’s Cost and Revenue Analysis (CRA) report shall be presented in a format reflecting the classification structure in the Mail Classification Schedule. It shall also be presented in an alternative, more disaggregated format capable of reflecting the classification structure in effect prior to the adoption of the Postal Accountability and Enhancement Act.

§ 3050.20 Compliance and other analyses in the Postal Service’s section 3652 report.

(a) The Postal Service’s section 3652 report shall include an analysis of the information that it contains in sufficient detail to demonstrate the degree to which, in the fiscal year covered by its report, each of its products (market dominant and competitive) comply with all of the applicable provisions of title 39 of the United States Code and the regulations promulgated thereunder, and promote the public policy objectives set out in title 39 of the United States Code.

(b) Its analysis shall be applied to products individually, and, where appropriate, to products collectively.

(c) It shall address such matters as non-compensatory rates, discounts greater than avoided costs, and failures to achieve stated goals for on-time delivery standards. A more detailed analysis is required when the Commission observed and commented upon the same matter in its Annual Compliance Determination for the previous fiscal year.
