§ 403.750 Estimate of expenditures and adjustments.

(a) Estimates. CMS estimates the level of expenditures for services provided under this subpart before the start of each FFY beginning with FFY 2000.

(b) Adjustments to payments. When the level of estimated expenditures is projected to exceed the FFY trigger level as described in paragraph (d) of this section, for the year of the projection, payments to RHNCIs will be reduced by a proportional percentage to prevent estimated expenditures from exceeding the trigger level. In addition to reducing payments proportionally, CMS may impose alternative adjustments.

(c) Notification of adjustments. CMS notifies participating RHNCIs before the start of the FFY of the type and level of expenditure reductions to be made and when these adjustments will apply.

(d) Calculation of trigger level. The trigger level for FFY 1998 is $20,000,000. For subsequent FFYs, the trigger level is the unadjusted trigger level increased or decreased by the carry forward as described in §403.754(b). The unadjusted trigger level is the base year amount (the unadjusted trigger level dollar amount for the prior FFY) increased by the average consumer price index (the single numerical value published monthly by the Bureau of Labor Statistics that presents the relationship in United States urban areas for the current cost of goods and services compared to a base year, to represent the change in spending power) for the 12-month period ending on July 31 preceding the beginning of the FFY.

§ 403.752 Payment provisions.

(a) Payment to RHNCIs. Payment for services may be made to an RHNCI that meets the conditions for coverage described in §403.720 and the conditions of participation described in §§403.730 through 403.746. Payment is made in accordance with §413.40 of this chapter to an RHNCI meeting these conditions.

(b) Review of estimates and adjustments. There is no administrative or judicial review of the level of estimated expenditures or the adjustments in payments described in §403.750(a) and (b).

(c) Effect on beneficiary liability. When payments are reduced in accordance with §403.750(b), the RHNCI may bill the beneficiary the amount of the Medicare reduction attributable to his or her covered services.

(d) Notification of beneficiary liability. (1) The RHNCI must notify the beneficiary in writing at the time of admission of any proposed or current proportional Medicare adjustment. A beneficiary currently receiving care in the RHNCI must be notified in writing at least 30 days before the Medicare reduction is to take effect. The notification must inform the beneficiary that the RHNCI can bill him or her for the proportional Medicare adjustment.

(2) The RHNCI must, at time of billing, provide the beneficiary with his or her liability for payment, based on a calculation of the Medicare reduction pertaining to the beneficiary’s covered services permitted by §403.750(b).
