§ 403.750 Estimate of expenditures and adjustments.

(a) Estimates. CMS estimates the level of expenditures for services provided under this subpart before the start of each FFY beginning with FFY 2000.

(b) Adjustments to payments. When the level of estimated expenditures is projected to exceed the FFY trigger level as described in paragraph (d) of this section, for the year of the projection, payments to RNHCIs will be reduced by a proportional percentage to prevent estimated expenditures from exceeding the trigger level. In addition to reducing payments proportionally, CMS may impose alternative adjustments.

(c) Notification of adjustments. CMS notifies participating RNHCIs before the start of the FFY of the type and level of expenditure reductions to be made and when these adjustments will apply.

(d) Calculation of trigger level. The trigger level for FFY 1998 is $20,000,000. For subsequent FFYs, the trigger level is the unadjusted trigger level increased or decreased by the carry forward as described in § 403.754(b). The unadjusted trigger level is the base year amount (the unadjusted trigger level dollar amount for the prior FFY) increased by the average consumer price index (the single numerical value published monthly by the Bureau of Labor Statistics that presents the relationship in United States urban areas for the current cost of goods and services compared to a base year, to represent the change in spending power) for the 12-month period ending on July 31 preceding the beginning of the FFY.

§ 403.752 Payment provisions.

(a) Payment to RNHCIs. Payment for services may be made to an RNHCI that meets the conditions for coverage described in § 403.720 and the conditions of participation described in §§ 403.730 through 403.746. Payment is made in accordance with § 413.40 of this chapter to an RNHCI meeting these conditions.

(b) Review of estimates and adjustments. There is no administrative or judicial review of the level of estimated expenditures or the adjustments in payments described in § 403.750(a) and (b).

(c) Effect on beneficiary liability. When payments are reduced in accordance with § 403.750(b), the RNHCI may bill the beneficiary the amount of the Medicare reduction attributable to his or her covered services.

(d) Notification of beneficiary liability. (1) The RNHCI must notify the beneficiary in writing at the time of admission of any proposed or current proportional Medicare adjustment. A beneficiary currently receiving care in the RNHCI must be notified in writing at least 30 days before the Medicare reduction is to take effect. The notification must inform the beneficiary that the RNHCI can bill him or her for the proportional Medicare adjustment.

(2) The RNHCI must, at time of billing, provide the beneficiary with his or her liability for payment, based on a calculation of the Medicare reduction pertaining to the beneficiary’s covered services permitted by § 403.750(b).

§ 403.754 Monitoring expenditure level.

(a) Tracking expenditures. Starting in FFY 1999 CMS begins monitoring Medicare payments to RNHCIs.

(b) Carry forward. The difference between the trigger level and Medicare expenditures...
Centers for Medicare & Medicaid Services, HHS § 403.770

expenditures for a FFY results in a carry forward that either increases or decreases the unadjusted trigger level described in §403.750(d). In no case may the carry forward exceed $50,000,000 for an FFY.

§ 403.756 Sunset provision.

(a) Effective date. Beginning with FFY 2002, if the level of estimated expenditures for all RNHCIs exceeds the trigger level for 3 consecutive FFYs, CMS will not accept as the basis for payment of any claim any election executed on or after January 1 of the following calendar year.

(b) Notice of activation. A notice in the FEDERAL REGISTER will be published at least 60 days before January 1 of the calendar year that the sunset provision becomes effective.

(c) Effects of sunset provision. Only those beneficiaries who have a valid election in effect before January 1 of the year in which the sunset provision becomes effective will be able to claim Medicare payment for care in an RNHCI, and only for RNCHI services furnished during that election.

§ 403.764 Basis and purpose of religious nonmedical health care institutions providing home service.

(a) Basis. This subpart implements sections 1821, 1861, 1861(e), 1861(m), 1861(y), 1861(ss) and 1861(aaa), 1869 and 1878 of the Act regarding Medicare payment for items and services provided in the home setting furnished to eligible beneficiaries by religious nonmedical health care institutions (RNHCIs).

(b) Purpose. The home benefit provides for limited durable medical equipment (DME) items and RNCHI services in the home setting that are fiscally limited to $700,000 per calendar year, with an expiration date of December 31, 2006, or the date on which the 2006 spending limit is reached.
