individual quality performance standard measures into four domains:
   (i) Patient/carer giver experience.
   (ii) Care coordination/Patient safety.
   (iii) Preventative health.
   (iv) At-risk population.

(2) To satisfy quality performance requirements for a domain:
   (i) The ACO must report all measures within a domain.
   (ii) ACOs must score above the minimum attainment level determined by CMS on 70 percent of the measures in each domain. If an ACO fails to achieve the minimum attainment level on at least 70 percent of the measures in a domain, CMS will take the actions described in §425.216(c).
   (iii)(A) If the ACO achieves the minimum attainment level for at least one measure in each of the four domains, and also satisfies the requirements for realizing shared savings under subpart G of this part, the ACO may receive the proportion of those shared savings for which it qualifies.
   (B) If an ACO fails to achieve the minimum attainment level on all measures in a domain, it will not be eligible to share in any savings generated.

(e) Methodology for calculating the ACO’s overall performance score. (1) CMS scores individual measures and determines the corresponding number of points that may be earned based on the ACO’s performance.
   (2) CMS adds the points earned for the individual measures within the domain and divides by the total points available for the domain to determine the domain score.
   (3) Domains are weighted equally and scores averaged to determine the ACO’s overall performance score and sharing rate.

§ 425.504 Incorporating reporting requirements related to the Physician Quality Reporting System.

(a) Physician quality reporting system. (1) ACOs, on behalf of their ACO provider/suppliers who are eligible professionals, must submit the measures determined under §425.500 using the GPRO web interface established by CMS, to qualify on behalf of their eligible professionals for the Physician Quality Reporting System incentive under the Shared Savings Program.
   (2)(i) ACO providers/suppliers that are eligible professionals within an ACO may only participate under their ACO participant TIN as a group practice under the Physician Quality Reporting System Group Practice Reporting Option of the Shared Savings Program for purposes of receiving an incentive payment under the Physician Quality Reporting System.
   (ii) Under the Shared Savings Program, an ACO, on behalf of its ACO providers/suppliers who are eligible professionals, must satisfactorily report the measures determined under Subpart F of this part during the reporting period according to the method of submission established by CMS under the Shared Savings Program in order to receive a Physician Quality Reporting System incentive under the Shared Savings Program.
   (3) If ACO providers/suppliers who are eligible professionals within an ACO qualify for a Physician Quality Reporting System incentive payment, each ACO participant TIN, on behalf of its ACO supplier/provider participants who are eligible professionals, will receive an incentive, for those years an incentive is available, based on the allowed charges under the Physician Fee Schedule for that TIN.
   (4) ACO participant TINs and individual ACO providers/suppliers who are eligible professionals cannot earn a Physician Quality Reporting System incentive outside of the Medicare Shared Savings Program.
   (5) The Physician Quality Reporting System incentive under the Medicare Shared Savings Program is equal to 0.5 percent of the Secretary’s estimate of the ACO’s eligible professionals’ total Medicare Part B Physician Fee Schedule allowed charges for covered professional services furnished during the calendar year reporting period from January 1 through December 31, for years 2012 through 2014.
   (b) [Reserved]

§ 425.506 Electronic health records technology.

(a) ACOs, ACO participants, and ACO providers/suppliers are encouraged to develop a robust EHR infrastructure.
