Section 435.223

Individuals who would be eligible for AFDC if coverage under the State’s AFDC plan were as broad as allowed under title IV-A.

(a) The agency may provide Medicaid to any group or groups of individuals specified under §435.210 (a)(4), (a)(5), and (a)(6) who:

(1) Are not receiving cash assistance under any program but who meet the income and resource requirements of the State’s approved AFDC plan.

(2) Are providing at least half of their support through their earnings.

(3) Are working, and have a substantial work record.

(4) Have no reason to believe that their employment will end, or that they will become unemployed, in a short time.

(5) Are then able to work, and have a substantial work record as to their ability to work.

(6) Are providing at least half of their support through earnings when they are not working.

(7) Are working at least half of the time that they are able to work.

(8) Have a substantial work record.

(9) Are then able to work, and have a substantial work record as to their ability to work.

(10) Have provided at least half of their support through earnings when not working.
