Subpart D—Utilization Control: Mental Hospitals

§ 456.150  Scope.  
This subpart prescribes requirements for control of utilization of inpatient services in mental hospitals, including requirements concerning—  
(a) Certification of need for care;  
(b) Medical evaluation and admission review;  
(c) Plan of care; and  
(d) Utilization review plans.

§ 456.151  Definitions.  
As used in this subpart:

Medical care appraisal norms or norms means numerical or statistical measures of usually observed performance.  
Medical care criteria or criteria means predetermined elements against which aspects of the quality of a medical service may be compared. These criteria are developed by health professionals relying on their expertise and the professional health care literature.

Certification of Need for Care

§ 456.160  Certification and recertification of need for inpatient care.  
(a) Certification.  (1) A physician must certify for each applicant or beneficiary that inpatient services in a mental hospital are or were needed.  
(2) The certification must be made at the time of admission or, if an individual applies for assistance while in a mental hospital, before the Medicaid agency authorizes payment.  
(b) Recertification.  (1) A physician, or physician assistant or nurse practitioner (as defined in §491.2 of this chapter) acting within the scope of practice as defined by State law and under the supervision of a physician, must recertify for each applicant or beneficiary that inpatient services in a mental hospital are needed.  
(2) Recertification must be made at least every 60 days after certification.
