in part 1600 of this title, and in compliance with the requirements of the National Environmental Policy Act of 1969 (42 U.S.C. 4371) and any other Federal and State laws and regulations applicable to the disposal of solid wastes and hazardous substances;  

(3) Conveyance shall be made only of lands classified for sale pursuant to the procedures and criteria in part 2400 of this title;  

(4) The applicant shall warrant that it will indemnify and hold the United States harmless against any liability that may arise out of any violation of Federal or State law in connection with the use of the lands;  

(5) The authorized officer shall investigate the lands covered by an application to determine whether or not any hazardous substance is present. The authorized officer will require full reimbursement from the applicant for the costs of the investigation. The authorized officer may, in his or her discretion, make an exception to the requirement of full reimbursement if the applicant demonstrates that such costs would result in undue hardship. The investigation shall include but not be limited to:  

(i) A review of available records related to the history and use of the land;  

(ii) A visual inspection of the property; and  

(iii) An appropriate analysis of the soil, water and air associated with the area;  

(6) The investigation conducted under paragraph (a)(5) of this section must disclose no hazardous substances and there is a reasonable basis to believe that no such substances are present; and  

(7) The applicant shall present certification from the State agency or agencies responsible for environmental protection and enforcement that they have reviewed all records, inspection reports, studies, and other materials produced or considered in the course of the investigation and that based on these documents, such agency or agencies agree with the authorized officer that no hazardous substances are present on the property.  

(b) The authorized officer shall not convey public lands covered by an application if hazardous substances are known to be present.  

(c) The authorized officer shall retain as permanent records all environmental analyses and appropriate documentation, investigation reports, State certifications, and other materials produced or considered in determining the suitability of public lands for conveyance under this section.

§ 2743.2–1 Patent provisions for new disposal sites.  

For new disposal sites, each patent will provide that:  

(a) The patentee shall comply with all Federal and State laws applicable to the disposal, placement, or release of hazardous substances;  

(b) The patentee shall indemnify and hold harmless the United States against any legal liability or future costs that may arise out of any violation of such laws;  

(c) Except as provided in paragraph (e) of this section, the land conveyed under § 2743.2 of this part shall revert to the United States unless substantially used in accordance with an approved plan and schedule of development on or before the date five years after the date of conveyance;  

(d) If, at any time, the patentee transfers to another party ownership of any portion of the land not used for the purpose(s) specified in the application and the approved plan of development, the patentee shall pay the Bureau of Land Management the fair market value, as determined by the authorized officer, of the transferred portion as of the date of transfer, including the value of any improvements thereon; and  

(e) No portion of the land covered by such patent shall under any circumstance revert to the United States if such portion has been used for solid waste disposal or for any other purpose that the authorized officer determines may result in the disposal, placement, or release of any hazardous substance.

§ 2743.3 Leased disposal sites.  

(a) Upon request by or with the concurrence of the lessee, the authorized officer may issue a patent for those lands covered by a lease, or portion thereof, issued on or before November
