that your request does not reasonably describe records, you will be advised what additional information is needed to perfect your request or why your request is otherwise insufficient.

(e) Agreement to pay fees. Your request must state that you will promptly pay the total fees chargeable under this regulation or set a maximum amount you are willing to pay. NSF does not charge if fees total less than $25.00. If you seek a waiver of fees, please see § 612.10(k) for a discussion of the factors you must address. If you place an inadequate limit on the amount you will pay, or have failed to make payments for previous requests, NSF may require advance payment (see § 612.10(i)).

(f) Receipt date. A request that meets the requirements of this section will be considered received on the date it is received by the Office of the General Counsel or the Office of the Inspector General. In determining which records are responsive to a FOIA request, the Foundation will include only records in its possession as of the date the search begins.

(g) Publications excluded. For the purpose of public requests for records the term "record" does not include publications which are available to the public in the Federal Register, or by sale or free distribution. NSF publications are available in print. To request one or more print publications (http://www.nsf.gov/publications/obtain.jsp), you may:

2. Contact NSF Publications at (703) 292–PUBS (7827).
3. Send a letter with the publication number(s) clearly stated to: NSF Publications, National Science Foundation, 4201 Wilson Boulevard, Suite P–60, Arlington, VA 22230.

§ 612.4 Responding to requests.

(a) Monitoring of requests. The NSF Office of the General Counsel (OGC), or such other office as may be designated by the Director, will serve as the central office for administering these regulations. For records maintained by the Office of Inspector General, that Office will control incoming requests made directly or referred to it, dispatch response letters, and maintain administrative records. For all other records maintained by NSF, OGC (or such other office as may be designated by the Director) will control incoming requests, assign them to appropriate action offices, monitor compliance, consult with action offices on disclosure, approve necessary extensions, dispatch denial and other letters, and maintain administrative records.

(b) Consultations and referrals. When the Foundation receives a request for a record in its possession that originated with another agency or in which another agency has a substantial interest, it may decide that the other agency of the Federal Government is better able to determine whether the record should or should not be released under the FOIA.

1. If the Foundation determines that it is the agency best able to process the record in response to the request, then it will do so, after consultation with the other interested agencies where appropriate.

2. If it determines that it is not the agency best able to process the record, then it will refer the request regarding that record (or portion of the record) to the agency that originated or has a substantial interest in the record in question (but only if that agency is subject to the FOIA). Ordinarily, the agency that originated a record will be presumed to be best able to determine whether to disclose it.

(c) Notice of referral. Whenever the Foundation refers all or any part of the responsibility for responding to a request to another agency, it ordinarily will notify the requester of the referral and inform the requester of the name of each agency to which the request has been referred and of the part of the request that has been referred, unless such notification would disclose information otherwise exempt.

§ 612.5 Timing of responses to requests.

(a) In general. NSF ordinarily will initiate processing of requests according to their order of receipt.

(b) Time for response. The Foundation will make reasonable effort to act on a
