§ 614.3 Materials relating to closed portions of meetings.

If a portion or portions of any meeting of the National Science Board are closed to the public under § 614.2:

(a) The General Counsel of the National Science Foundation shall publicly certify that, in his opinion, that portion or portions may properly be closed to the public. The certificate shall state the exemptions under 5 U.S.C. 552b(c) that make the closings proper.

(b) The presiding officer of the meeting (usually the Chairman of the Board) shall furnish a statement setting forth the time and place of the meeting and the persons present.

(c) The Board shall make a complete transcript or electronic recording adequate to record fully the proceedings of each portion of the meeting that is closed to the public.

(d) The National Science Board Office shall maintain the General Counsel’s certificate, the presiding officer’s statement, and the transcript or recording of the meeting for at least three years after the meeting and at least one year after the Board completes consideration of any proposal, report, resolution, or similar matter discussed in any closed portion of the meeting.

§ 614.4 Opening of transcript or recording.

(a) Except as otherwise provided in this section, the transcript or electronic recording of every portion of every meeting closed to the public will promptly be made available on request to any member of the public in an easily accessible place.

(b) Informal requests to inspect or copy the transcript or electronic recording of a closed session may be made to the staff of the National Science Board and will be handled informally and expeditiously. Written requests to inspect or copy such a transcript or recording that cite the Freedom of Information Act or the Sunshine Act will be treated as formal requests made under the Freedom of Information Act. They will be handled under the Foundation’s Freedom of Information procedures described in 45 CFR part 612. The exemptions of these Sunshine Act regulations, 45 CFR 614.2, will govern, however, in determining what portions of the transcript or recording may be withheld.

(c) A request to inspect or copy a transcript or electronic recording should specify the date of the meeting and the agenda item or items to which the request pertains. It should contain a promise to pay the costs of any duplication requested.

(d) No search or transcription fees will be charged. Duplication fees may be charged as provided in 45 CFR 612.6.

takes place. The announcement will cover:
(1) The time, place, and subject matter of the meeting;
(2) What portions of the meeting, if any, are to be closed to the public; and
(3) The name and telephone number of the official designated to respond to requests for information on the meeting.

(b) Each such announcement will be promptly posted on the National Science Foundation’s Web site at http://www.nsf.gov/nsb/notices/. Immediately following the issuance of such an announcement, it will be submitted for publication in the Federal Register.

(c) The announcement may be made less than a week before the meeting it announces or after the meeting only if (1) the Board by record vote determines that agency business requires the meeting to be called on such short or after-the-fact notice and (2) an announcement is made at the earliest practicable time.

(d) All or any portion of the announcement of any meeting may be omitted if the Board by record vote determines that the announcement would disclose information which should be withheld under the same standards as apply for closing meetings under §614.2.

§614.6 Meeting changes.
(a) The time or place of a meeting of the National Science Board that has been publicly announced as provided in §614.5 may subsequently be changed, but any such change will be publicly announced at the earliest practicable time.

(b) The subject matter of any portion of any meeting of the Board that has been publicly announced as provided in §614.5 or the determination whether any portion of any meeting so publicly announced will be open or closed may subsequently be changed, but only when:
(1) The Board determines by record vote that agency business so requires and that no earlier announcement of the change was possible; and
(2) The Board publicly announces the change and the vote of each Member on the change at the earliest practicable time.

§614.7 Record vote.
(a) For purposes of this part a vote of the National Science Board is a “record vote” if:
(1) It carries by a majority of all those holding office as Board Members at the time of the vote;
(2) No proxies are counted toward the necessary majority; and
(3) The individual vote of each Member present and voting is recorded.

(b) Within one day of any such record vote or any attempted record vote that fails to achieve the necessary majority under paragraph (a)(1) of this section, the Board Office will make publicly available a written record showing the vote of each Member on the question.

(c) Within one day of any record vote under which any portion or portions of a Board meeting are to be closed to the public, the Board Office will make available a full written explanation of the Board’s action and a list of all persons expected to attend the meeting, showing their affiliations.

§614.8 Application to Board Executive Committee.
All the provisions of this part applicable to the National Science Board shall apply equally to the Executive Committee of the Board whenever the Executive Committee is meeting pursuant to its authority to act on behalf of the Board.
