had already aired within the previous seven days on either the station’s main program stream or on another of the station’s free digital program streams. This requirement does not apply to any program stream that merely time shifts the entire programming line-up of another program stream and, during the digital transition, to core programs aired on both the analog station and a digital program stream. 

NOTE 1 TO § 73.671: For purposes of determining under this section whether programming has a significant purpose of serving the educational and informational needs of children, the Commission will ordinarily rely on the good faith judgments of the licensee. Commission review of compliance with that element of the definition will be done only as a last resort.

§ 73.672 [Reserved]

§ 73.673 Public information initiatives regarding educational and informational programming for children.

Each commercial television broadcast station licensee shall provide information identifying programming specifically designed to educate and inform children to publishers of program guides. Such information shall include an indication of the age group for which the program is intended.

[70 FR 9877, Mar. 1, 2005]

§ 73.674 Digital television transition notices by broadcasters.

(a) Each full-power commercial and noncommercial educational television broadcast station licensee or permittee must air an educational campaign about the transition from analog broadcasting to digital television (DTV). For each such commercial station, a licensee or permittee must elect by March 27, 2008, to comply with either paragraph (c) or (d) of this section. For each such noncommercial station, a licensee or permittee must elect, by March 27, 2008, to comply with paragraph (c), (d), or (e) of this section. A licensee or permittee must note their election via the filing of Form 398 as required by §§73.3526 and 73.3527.

(b) The following requirements apply to paragraphs (c), (d), and (e) of this section:

(1) The station must comply with the requirements of the paragraph it elects with respect to its analog channel and its primary digital stream.

(2) Any Public Service Announcement aired to comply with these requirements must be closed-captioned, notwithstanding §781.3(d)(6) of this chapter.

(3) The campaign must begin no later than March 27, 2008, and continue at least through the station’s termination of analog service, not later than June 12, 2009, except for stations subject to the provisions of paragraph (b)(4) of this section.

(4) Any station that has filed a request for an extension of the deadline for construction of its full, authorized post-transition digital facility, including a request for phased transition pursuant to the Third DTV Periodic Report and Order in MB Docket 07–91, or is operating under such an extension, must continue its DTV consumer education campaign until the station completes construction of its full, authorized post-transition digital facility. After the station terminates analog service, it must continue to comply with the requirements of the Consumer Education Campaign Option that it has elected, except that the content of all on-air education must be revised to provide information about the station’s limited digital service area and the anticipated date for it to complete construction and commence operation of its full, authorized post-transition digital facility.

(5) Service loss notices—Beginning April 1, 2009, if the FCC’s Signal Loss Report, available on http://www.dtv.gov, predicts that 2 percent or more of the population in a station’s Grade B analog service contour will not receive the station’s digital signal, the station must air service loss notices, as provided in this paragraph.

(i) Service loss notices may be no fewer than 30 seconds long, and must be aired at least once per day, between 8 a.m. and 11:35 p.m. At least three service loss notices per week must air between 8 p.m. and 11 p.m. in the Atlantic, Eastern and Pacific time zones.
