the administrative cost to the Government for issuing and administering each contract awarded under a solicitation. Individual awards shall be for the items or combinations of items that result in the lowest aggregate cost to the Government, including the assumed administrative costs.

(d) Federal, State, and local taxes (see part 29).

e) Origin of supplies, and, if foreign, the application of the Buy American Act or any other prohibition on foreign purchases (see part 25).

14.201–9 Simplified contract format.

Policy. For firm-fixed-price or fixed-price with economic price adjustment acquisitions of supplies and services, the contracting officer may use the simplified contract format in lieu of the uniform contract format (see 14.201–1). The contracting officer has flexibility in preparation and organization of the simplified contract format. However, the following format should be used to the maximum practical extent:

(a) Solicitation/contract form. Standard Form (SF) 1447, Solicitation/Contract, shall be used as the first page of the solicitation.

(b) Contract schedule. Include the following for each contract line item:

(1) Contract line item number.

(2) Description of supplies or services, or data sufficient to identify the requirement.

(3) Quantity and unit of issue.

(4) Unit price and amount.

(5) Packaging and marking requirements.

(6) Inspection and acceptance, quality assurance, and reliability requirements.

(7) Place of delivery, performance and delivery dates, period of performance, and f.o.b. point.

(8) Other item-peculiar information as necessary (e.g., individual fund citations).

(c) Clauses. Include the clauses required by this regulation. Additional clauses shall be incorporated only when considered absolutely necessary to the particular acquisition.

(d) List of documents and attachments. Include if necessary.

(e) Representations and instructions—

(1) Representations and certifications. Insert those solicitation provisions that require representations, certifications, or the submission of other information by offerors.

(2) Instructions, conditions, and notices. Include the solicitation provisions required by 14.201–6. Include any other information/instructions necessary to guide offerors.

(f) Evaluation factors for award. Insert all evaluation factors and any significant subfactors for award.

(4) Upon award, the contracting officer need not physically include the provisions in subparagraphs (e)(1), (2), and (3) of this subsection in the resulting contract, but shall retain them in the contract file. Award by acceptance of a bid on the award portion of SF 1447 incorporates the representations, certifications, and other statements of bidders in the resultant contract even though not physically attached.

14.202–1 Bidding time.

(a) Policy. A reasonable time for prospective bidders to prepare and submit bids shall be allowed in all invitations, consistent with the needs of the Government. (For construction contracts, see 36.213–3(a).) A bidding time (i.e., the time between issuance of the solicitation and opening of bids) of at least 30 calendar days shall be provided when synopsis is required by subpart 5.2.

(b) Factors to be considered. Because of unduly limited bidding time, some potential sources may be precluded from bidding and others may be forced to include amounts for contingencies that, with additional time, could be eliminated. To avoid unduly restricting competition or paying higher-than-necessary prices, consideration shall be given to such factors as the following in establishing a reasonable bidding time: (1) degree of urgency; (2) complexity of requirement; (3) anticipated extent of subcontracting; (4) whether
use was made of presolicitation notices; (5) geographic distribution of bidders; and (6) normal transmittal time for both invitations and bids.

(a) Telegraphic bids and mailgrams shall be authorized only when—

(1) The date for the opening of bids will not allow bidders sufficient time to submit bids in the prescribed format; or

(2) Prices are subject to frequent changes.

(b) If telegraphic bids are to be authorized, see 14.201–6(g). Unauthorized telegraphic bids shall not be considered (see 14.301(b)).

(a) Postage or envelopes bearing Postage and Fees Paid indicia shall not be distributed with the invitation for bids or otherwise supplied to prospective bidders.

(b) To provide for ready identification and proper handling of bids, Optional Form 17, Offer Label, may be furnished with each bid set. The form may be obtained from the General Services Administration (see 53.107).

(a) Policy. (1) Bidders shall not be required to furnish bid samples unless there are characteristics of the product that cannot be described adequately in the specification or purchase description.

(2) Bid samples will be used only to determine the responsiveness of the bid and will not be used to determine a bidder’s ability to produce the required items.

(3) Bid samples may be examined for any required characteristic, whether or not such characteristic is adequately described in the specification, if listed in accordance with paragraph (d)(1)(ii) of this section.

(4) Bids will be rejected as nonresponsive if the sample fails to conform to each of the characteristics listed in the invitation.

(b) When to use. The use of bid samples would be appropriate for products that must be suitable from the standpoint of balance, facility of use, general “feel,” color, pattern, or other characteristics that cannot be described adequately in the specification. However, when more than a minor portion of the characteristics of the product cannot be adequately described in the specification, products should be acquired by two-step sealed bidding or negotiation, as appropriate.

(c) Justification. The reasons why acceptable products cannot be acquired without the submission of bid samples shall be set forth in the contract file, except where the submission is required by the formal specifications (Federal, Military, or other) applicable to the acquisition.

(d) Requirements for samples in invitations for bids. (1) Invitations for bids shall—

(i) State the number and, if appropriate, the size of the samples to be submitted and otherwise fully describe the samples required; and

(ii) List all the characteristics for which the samples will be examined.

(2) If bid samples are required, see 14.201–6(o).

(e) Waiver of requirement for bid samples. (1) The requirement for furnishing bid samples may be waived when a bidder offers a product previously or currently being contracted for or tested by the Government and found to comply with specification requirements conforming in every material respect with those in the current invitation for bids. When the requirement may be waived, see 14.201–6(o)(2).

(2) Where samples required by a Federal, Military, or other formal specification are not considered necessary and a waiver of the sample requirements of the specification has been authorized, a statement shall be included in the invitation that notwithstanding the requirements of the specification, samples will not be required.

(f) Unsolicited samples. Bid samples furnished with a bid that are not required by the invitation generally will
