(c) The contracting officer shall obtain traffic management advice and assistance (see 47.105) in the consideration of transportation factors required for—

(1) Solicitations and awards;
(2) Contract administration, modification, and termination; and
(3) Transportation of property by the Government to and from contractors’ plants.

(d)(1) The preferred method of transporting supplies for the Government is by commercial carriers. However, Government-owned, leased, or chartered vehicles, aircraft, and vessels may be used if (i) they are available and not fully utilized, (ii) their use will result in substantial economies, and (iii) their use is in accordance with all applicable statutes, agency policies and regulations.

(2) If the three circumstances listed in paragraph (d)(1) of this section apply, Government vehicles may be used for purposes such as—

(i) Local transportation of supplies between Government installations;
(ii) Pickup and delivery services that commercial carriers do not perform in connection with line-haul transportation;
(iii) Transportation of supplies to meet emergencies; and
(iv) Accomplishment of program objectives that cannot be attained by using commercial carriers.

(e) Agencies shall not accord preferential treatment to any mode of transportation or to any particular carrier either in awarding or administering contracts for the acquisition of supplies or in awarding contracts for the acquisition of transportation. (See subparts 47.2 and 47.3 for situations in which the contracting officer is permitted to use specific modes of transportation.)

(f) Agencies shall place with small business concerns purchases and contracts for transportation and transportation-related services as prescribed in part 19.

(g) Agencies shall comply with the Fly America Act, the Cargo Preference Act, and related statutes as prescribed in subparts 47.4, Air Transportation by U.S.-Flag Carriers, and 47.5, Ocean Transportation by U.S.-Flag Vessels.

(b) When a contract specifies delivery of supplies f.o.b. origin with transportation costs to be paid by the Government, the contractor shall make shipments on bills of lading, or on other shipping documents prescribed by Military Surface Deployment and Distribution Command (SDDC) in the case of seavans, either at the direction of or furnished by the CAO or the appropriate agency transportation office.

47.102 Transportation insurance.

(a) The Government generally (1) retains the risk of loss of and/or damage to its property that is not the legal liability of commercial carriers and (2) does not buy insurance coverage for its property in the possession of commercial carriers (40 U.S.C. 17307). (See part 28, Bonds and Insurance.)

(b) Under special circumstances the Government may, if such action is considered necessary and in the Government’s interest, (1) buy insurance coverage for Government property or (2) require the carrier to (i) assume full responsibility for loss of or damage to the Government property in its possession and (ii) buy insurance to cover the carrier’s assumed responsibility. The cost of this insurance to the carrier shall be part of the transportation cost. (The Secretary of the Treasury prescribes regulations regarding shipments of valuables in 31 CFR parts 361 and 362.)

(c)(1) If special circumstances dictate the need for the Government to buy insurance coverage, the contracting officer shall ascertain that (i) there is no statutory prohibition and (ii) funds for insurance are available.

(2) The contracting officer shall document the need and authorization for insurance coverage in the contract file.
