HCA’s approval for the individual’s assignment to the contract will automatically terminate on that date. The Contract Specialist is not required to take the class as long as the Contract Specialist is working under the direction of a Contracting Officer who has taken an EVM course.

(2) Other additional HHS training. The HCA (non-delegable) may grant a time extension of up to 9 months to an individual to complete the PBA, Federal appropriations law, green purchasing, and Section 508 training requirements, including completion of refresher training. If the individual does not complete the training requirement within the extension period, the HCA’s approval will automatically terminate on that date.

[74 FR 62398, Nov. 27, 2009, as amended at 75 FR 21509, Apr. 26, 2010]

301.604–70 General.

In accordance with the Federal Acquisition Certification for Contracting Officers’ Technical Representatives (FAC-COTR) program, HHS has established a training program for certification and designation of personnel as COTRs—see HHS’ Federal Acquisition Certification for Contracting Officers’ Technical Representatives Program Handbook (COTR Handbook), dated January 2009, for information on the methods for earning FAC-COTR certification. See also 302.101(c) for further information regarding the definition of a COTR and when designation of a COTR is appropriate. All references to COTRs also apply to their alternates.

[74 FR 62398, Nov. 27, 2009, as amended at 75 FR 21509, Apr. 26, 2010]

301.604–71 HCA authorities and responsibilities.

(a) HCAs are authorized to determine (1) equivalencies for the Basic Contracting Officer’s Technical Representative Course; (2) course prerequisites; and (3) approve completion of CLP continuous learning activities, education, and training for maintenance of COTR certification. This authority does not apply to EVM training—see 301.604–73. Course equivalencies must meet the Federal Acquisition Institute’s (FAI’s) required COTR competencies. HCAs may re-delegate the authorities in (1) and (2) to OPDIV Acquisition Career Managers (ACMs) or other comparable officials.

(b) In addition to the authorities specified in 301.604–71(a), HCAs or their designees (except where the authority is shown as non-delegable) are responsible for—

(1) Reviewing a candidate’s qualifications to be a COTR;

(2) Granting, suspending, denying, and revoking COTR certifications and their continuance;

(3) Authorizing (non-delegable) an individual to perform COTR duties on an interim basis for up to 90 days—see 301.604–73; and

(4) Determining (non-delegable) on a case-by-case basis whether to postpone (for up to 90 days) withdrawal of any interim COTR delegation for failure of a candidate to qualify for certification—see 301.604–73.

301.604–72 Requirements for certification maintenance.

Maintaining HHS FAC-COTR certification requires at least 40 relevant CLPs every 2 years. See Appendix A of
301.604–73 Certification policy exception.

(a) In the event that an individual who is not currently certified under HHS’ FAC–COTR program is urgently required to serve as a COTR, the head of the sponsoring program office (Program Manager) or designee (e.g., the immediate supervisor) may request, and the HCA (non-delegable) may authorize, the individual to perform the designated duties on an interim basis for up to 6 months, provided that—

(1) The individual agrees to become certified during that period and provides evidence of training course registration; and

(2) Prior to assignment to the contract, the individual meets with the cognizant Contracting Officer to discuss the role and specific responsibilities of a COTR and the interrelationships, as applicable, among the Project Officer, Contracting Officer, Program/Project Manager, and COTR functions.

(b) If an extension has been granted, but the individual does not complete the training by the extended date, the HCA’s approval for the individual’s assignment to the contract will automatically terminate on that date.

301.604–74 Additional COTR training requirements.

(a) See HHS’ COTR Handbook for information on additional COTR training requirements.

(b) Training policy exceptions—(1) EVM training. In the event that there is an urgent requirement for a COTR to administer a contract to which EVM will be applied, and the individual has not yet met the EVM training requirement, the HCA (non-delegable) may authorize the individual to perform the portion of the duties provided that the individual meets the training requirement within 9 months from the date of assignment to the contract. If the individual does not complete the training requirement within 9 months, the HCA’s approval for the individual’s assignment to the contract will automatically terminate on that date. In addition, during any extension period, the COTR must work under the direction of a COTR, or Program/Project Manager who has taken an EVM course.

(2) Other additional HHS training. The HCA (non-delegable) may grant a time extension of up to 9 months to a COTR to complete the PBA, Federal appropriations law, and green purchasing training requirements, including completion of refresher training. If the individual does not complete the training requirement within the extension period, the HCA’s approval will automatically terminate on that date.

301.605 Contracting Officer designation of Contracting Officer Technical Representative.

The Contracting Officer shall ensure that a COTR candidate is currently certified under HHS’ FAC–COTR program before delegating authority to that individual to act as a COTR. Even if an individual is FAC–COTR-certified, a candidate becomes a COTR only when a Contracting Officer provides in writing the authorities the individual may exercise for a specified contract or order. Authority for such designations rests solely with the Contracting Officer. The Contracting Officer shall retain in the contract or order file the individual’s active FAC–COTR certificate. In the event that the HCA has granted an exception—see 301.604–73, the Contracting Officer shall include the HCA’s approval in the file.

301.606 Training requirements for Project Officers.

301.606–70 General.

HHS has established a program for training personnel for certification and designation as Project Officers. See 302.101(g) for further information regarding the definition of a Project Officer and when designation of a Project Officer is appropriate. All references to Project Officers also apply to their alternates. Program Managers or their designees are authorized to designate individuals to serve as Project Officers. (Note: If an individual will also serve as the COTR for a proposed project, the
