§ 240.105 Criteria for selection of designated supervisors of locomotive engineers.

(a) Each railroad’s program shall include criteria and procedures for implementing this section.
§ 240.107 Criteria for designation of classes of service.

(a) Each railroad’s program shall state which of the three classes of service, provided for in paragraph (b) of this section, that it will cover.

(b) A railroad may issue certificates for any or all of the following classes of service:

(1) Train service engineers,

(2) Locomotive servicing engineers, and

(3) Student engineers.

(c) The following operational constraints apply to each class of service:

(1) Train service engineers may operate locomotives singly or in multiples and may move them with or without cars coupled to them;

(2) Locomotive servicing engineers may operate locomotives singly or in multiples but may not move them with cars coupled to them; and

(3) Student engineers may operate only under direct and immediate supervision of an instructor engineer.

(d) Each railroad is authorized to impose additional conditions or operational restrictions on the service an engineer may perform beyond those identified in this section provided those conditions or restrictions are not inconsistent with this part.

(e) A railroad shall not reclassify the certification of any type of certified engineer to a more restrictive class of certificate or a student engineer certificate during the period in which the certification is otherwise valid.

§ 240.109 General criteria for eligibility based on prior safety conduct.

(a) Each railroad’s program shall include criteria and procedures to implement this section.

(b) A railroad shall evaluate the prior safety conduct of any person it is considering for qualification as a locomotive engineer and the program shall require that a person is ineligible if the person has an adverse record of prior safety conduct as provided for in §§ 240.115, 240.117, or 240.119.

(c) The program shall require evaluation of data which reflect the person’s prior safety conduct as a railroad employee and the person’s prior safety conduct as an operator of a motor vehicle, provided that there is relevant prior conduct. The information to be evaluated shall include:

(1) The relevant data furnished from the evaluating railroad’s own records, if the person was previously an employee of that railroad;

(2) The relevant data furnished by any other railroad formerly employing the person; and

(3) The relevant data furnished by any governmental agency with pertinent motor vehicle driving records.

(d) The railroad’s process for evaluating information concerning prior safety conduct shall be designed to conform wherever necessary with the procedural requirements of §§ 240.111, 240.113, 240.115, 240.117, 240.119, and 240.217.

(e) When evaluating a person’s motor vehicle driving record or a person’s...
