

§ 600.1417

50 CFR Ch. VI (10–1–12 Edition)

(c) Unless the state can demonstrate that a given category of anglers is so small it has no significant probability of biasing estimates of fishing effort if these anglers are not included in a representative sample, a state may not be designated as an exempted state if its licensing or registration program excludes anglers in any category other than those listed in paragraph (b) of this section.

(d) Required enhancements to exempted state license-holder data. An exempted state must submit the following angler identification data by Jan. 1, 2012, or within two years of the effective date of the Memorandum of Agreement, whichever is later, and thereafter in accordance with the Memorandum of Agreement. States that provide NMFS with notice that they are required to enact legislation or to enter into formal memoranda of agreement or contracts with other state agencies to comply with this requirement must submit the data within three years of the effective date of the Memorandum of Agreement:

(1) Name, address and telephone number, updated annually, of excluded anglers over age 59, unless the state can demonstrate that the number of anglers excluded from the license or registration requirement based on having a date of birth before June 1, 1940 is so small it has no significant probability of biasing estimates of fishing effort if these anglers are not included in a representative sample;

(2) Name, address and telephone number, updated annually, of holders of state lifetime and multi-year licenses;

(3) Name, address and telephone number of state combination license holders who fished in tidal waters in the prior year, or who intend to fish in tidal waters. The Memorandum of Agreement will define the boundaries of the state's tidal waters for this purpose.

§ 600.1417 Requirements for exempted state designation based on submission of recreational survey data.

(a) To be designated as an exempted state based on the state's participation in a regional survey of marine and

anadromous recreational fishing catch and effort, a state may submit to NMFS a proposal that fully describes the state's participation in a qualifying regional survey, and the survey's sample design, data collection and availability.

(b) A qualifying regional survey must:

(1) Include all of the states within each region as follows:

(i) Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, North Carolina, South Carolina, Georgia and Florida (Atlantic coast);

(ii) Florida (Gulf of Mexico coast), Alabama, Mississippi, Louisiana, and Texas;

(iii) Puerto Rico;

(iv) U.S. Virgin Islands;

(v) California, Oregon and Washington;

(vi) Alaska;

(vii) Hawaii; or

(viii) American Samoa, Guam and the Commonwealth of the Northern Mariana Islands.

(2) Utilize angler registry data, or direct field counts to obtain angler effort, or other appropriate statistical means to obtain fishing effort;

(3) Utilize angler registry data to identify individuals to be surveyed by telephone, mail or Internet if such regional survey includes a telephone survey component; and

(4) Meet NMFS survey design and data collection standards.
