

§ 3201.61

§ 3201.61 Animal repellents.

(a) *Definition.* Products used to aid in deterring animals that cause destruction to plants and/or property.

(b) *Minimum biobased content.* The Federal preferred procurement product must have a minimum biobased content of at least 79 percent, which shall be based on the amount of qualifying biobased carbon in the product as a percent of the weight (mass) of the total organic carbon in the finished product.

(c) *Preference compliance date.* No later than July 23, 2012, procuring agencies, in accordance with this part, will give a procurement preference for qualifying biobased animal repellents. By that date, Federal agencies that have the responsibility for drafting or reviewing specifications for items to be procured shall ensure that the relevant specifications require the use of biobased animal repellents.

§ 3201.62 Bath products.

(a) *Definition.* Personal hygiene products including bar soaps, liquids, or gels that are referred to as body washes, body shampoos, or cleansing lotions, but excluding products marketed as hand cleaners and/or hand sanitizers.

(b) *Minimum biobased content.* The Federal preferred procurement product must have a minimum biobased content of at least 61 percent, which shall be based on the amount of qualifying biobased carbon in the product as a percent of the weight (mass) of the total organic carbon in the finished product.

(c) *Preference compliance date.* No later than July 23, 2012, procuring agencies, in accordance with this part, will give a procurement preference for qualifying biobased bath products. By that date, Federal agencies that have the responsibility for drafting or reviewing specifications for items to be procured shall ensure that the relevant specifications require the use of biobased bath products.

7 CFR Ch. XXXII (1–1–12 Edition)

§ 3201.63 Bioremediation materials.

(a) *Definition.* Dry or liquid solutions (including those containing bacteria or other microbes but not including sorbent materials) used to clean oil, fuel, and other hazardous spill sites.

(b) *Minimum biobased content.* The Federal preferred procurement product must have a minimum biobased content of at least 86 percent, which shall be based on the amount of qualifying biobased carbon in the product as a percent of the weight (mass) of the total organic carbon in the finished product.

(c) *Preference compliance date.* No later than July 23, 2012, procuring agencies, in accordance with this part, will give a procurement preference for qualifying biobased bioremediation materials. By that date, Federal agencies that have the responsibility for drafting or reviewing specifications for items to be procured shall ensure that the relevant specifications require the use of biobased bioremediation materials.

§ 3201.64 Compost activators and accelerators.

(a) *Definition.* Products in liquid or powder form designed to be applied to compost piles to aid in speeding up the composting process and to ensure successful compost that is ready for consumer use.

(b) *Minimum biobased content.* The Federal preferred procurement product must have a minimum biobased content of at least 95 percent, which shall be based on the amount of qualifying biobased carbon in the product as a percent of the weight (mass) of the total organic carbon in the finished product.

(c) *Preference compliance date.* No later than July 23, 2012, procuring agencies, in accordance with this part, will give a procurement preference for qualifying biobased compost activators and accelerators. By that date, Federal agencies that have the responsibility for drafting or reviewing specifications for items to be procured shall ensure that the relevant specifications require
