§ 4284.1013 Evaluation criteria and weights.

Unless supplemented in a RFP, the criteria listed in this section will be used to evaluate grants under this subpart. The distribution of points to be awarded per criterion will be identified in the applicable RFP.

(a) Ability to Deliver. The application will be evaluated as to whether it evidences unique abilities to deliver Producer Services so as to create sustainable Value-Added ventures. Abilities that are transferable to a wide range of agricultural Value-Added commodities are preferred over highly specialized skills. Strong skills must be accompanied by a credible and thoughtful plan.

(b) Successful Track Record. The applicant's track record in achieving Value-Added successes.

(c) Work Plan/Budget. The work plan will be reviewed for detailed actions and an accompanying timetable for implementing the proposal. Clear, logical, realistic and efficient plans will result in a higher score. Budgets will be reviewed for completeness and the strength of non-Federal funding commitments.

(d) Qualifications of personnel. Proposals will be reviewed for whether the key personnel who are to be responsible for performing the proposed tasks have the necessary qualifications and whether they have a track record of performing activities similar to those being proposed. If a consultant or others are to be hired, points may be awarded for consultants only if the proposal includes evidence of their availability and commitment as well. Proposals using in-house employees with strong track records in innovative activities will receive higher points relative to proposals that out-source expertise.

(e) Local support. Proposed Centers must show local support and coordination with other developmental organizations in the proposed service area and with state and local institutions. Support documentation should include recognition of rural values that balance employment opportunities with environmental stewardship and other rural amenities. Proposed Centers that show strong support from potential beneficiaries and coordination with other developmental organizations will receive more points than those not evidencing such support.

(f) Future support. Applicants that can demonstrate their vision for funding center operations for future years, including diversification of funding sources and building in-house technical assistance capacity, will receive more points for this criterion.

§ 4284.1014 Grant closing.

(a) Letter of Conditions. The Agency will notify an approved applicant in writing, setting out the conditions under which the grant will be made.

(b) Applicant's intent to meet conditions. Upon reviewing the conditions and requirements in the letter of conditions, the applicant must complete, sign and return the Agency's “Letter of Intent to Meet Conditions” or, if certain conditions cannot be met, the applicant may propose alternate conditions to the Agency. The Agency must concur with any changes proposed to the letter of conditions by the applicant before the application will be further processed.

(c) Grant agreement. The Agency and the grantee must enter into an “Agriculture Innovation Center Grant Agreement” prior to the advance of funds.

§§ 4284.1015–4284.1099 [Reserved]

§ 4284.1100 OMB control number.

The reporting and recordkeeping requirements contained in this regulation have been approved by the Office of Management and Budget and have been assigned OMB control number 0070–0045.

PART 4285—COOPERATIVE AGREEMENTS

Subpart A—Federal-State Research on Cooperatives Program
