

§ 247.23

agreement with FNS to operate the program, in accordance with § 247.4(a)(1), and must have an approved State Plan.

(b) *How does FNS allocate administrative funds to State agencies?* (1) As required by law, each fiscal year FNS allocates to each State agency an administrative grant per assigned caseload slot, adjusted each year for inflation.

(2) For fiscal year 2003, the amount of the grant per assigned caseload slot was equal to the per-caseload slot amount provided in fiscal year 2001, adjusted by the percentage change between:

(i) The value of the State and local government price index, as published by the Bureau of Economic Analysis of the Department of Commerce, for the 12-month period ending June 30, 2001; and

(ii) The value of that index for the 12-month period ending June 30, 2002.

(3) For subsequent fiscal years, the amount of the grant per assigned caseload slot is equal to the amount of the grant per assigned caseload slot for the preceding fiscal year, adjusted by the percentage change between:

(i) The value of the State and local government price index, as published by the Bureau of Economic Analysis of the Department of Commerce, for the 12-month period ending June 30 of the second preceding fiscal year; and

(ii) The value of that index for the 12-month period ending June 30 of the preceding fiscal year.

(c) *How do State agencies access administrative funds?* FNS provides administrative funds to State agencies on a quarterly basis. Such funds are provided by means of a Letter of Credit, unless other funding arrangements have been made with FNS. The State agency obtains the funds by electronically accessing its Letter of Credit account.

§ 247.23 State provision of administrative funds to local agencies.

(a) *How much of the administrative funds must State agencies provide to local agencies for their use?* The State agency must provide to local agencies for their use all administrative funds it re-

7 CFR Ch. II (1-1-12 Edition)

ceives, except that the State agency may retain for its own use the amount determined by the following formula:

(1) 15 percent of the first \$50,000 received;

(2) 10 percent of the next \$100,000 received;

(3) 5 percent of the next \$250,000 received; and

(4) A maximum of \$30,000, if the administrative grant exceeds \$400,000.

(b) *May a State agency request to retain more than the amount determined by the above formula in the event of special needs?* Yes, the State agency may request approval from FNS to retain a larger amount than is allowed under the formula prescribed in paragraph (a) of this section. However, in making its request, the State agency must provide justification of the need for the larger amount at the State level, and must ensure that local agencies will not suffer undue hardship as a result of a reduction in administrative funds.

(c) *How must the State agency distribute funds among local agencies?* The State agency must distribute funds among local agencies on the basis of their respective needs, and in a manner that ensures the funds will be used to achieve program objectives.

§ 247.24 Recovery and redistribution of caseload and administrative funds.

(a) *May FNS recover and redistribute caseload and administrative funds assigned to a State agency?* Yes. FNS may recover and redistribute caseload and administrative funds assigned to a State agency during the fiscal year. FNS will redistribute these resources to other State agencies in accordance with the provisions of §§ 247.21(a) and 247.22(b). In reassigning caseload, FNS will use the most up-to-date data on participation and the extent to which caseload is being utilized, as well as other information provided by State agencies. In accordance with § 247.21(a)(2), in instances in which FNS recovers caseload slots, the State agency must use 95 percent of its original caseload allocation to be eligible for additional caseload. However, the

State agency must not exceed its reduced caseload allocation on an average monthly basis.

(b) *Is there a limit on the amount of caseload slots or administrative funds that FNS may recover?* Yes. FNS will not unilaterally recover caseload that would result in the recovery of more than 50 percent of the State's administrative funds. However, in instances in which the State agency requests that FNS recover any portion of its assigned caseload, the 50-percent limitation will not apply.

§ 247.25 Allowable uses of administrative funds and other funds.

(a) *What are allowable uses of administrative funds provided to State and local agencies?* Administrative funds may be used for costs that are necessary to ensure the efficient and effective administration of the program, in accordance with parts 3016 and 3019 of this title. Part 3016 of this title contains the rules for management of Federal grants to State, local, and Indian tribal governments, and part 3019 of this title contains the grants management rules for nonprofit organizations. These departmental regulations incorporate by reference OMB Circulars A-87 (Cost Principles for State, Local, and Indian Tribal Governments) and A-122 (Cost Principles for Non-Profit Organizations), which set out the principles for determining whether specific costs are allowable. For availability of OMB Circulars referenced in this section, see 5 CFR 1310.3. Some examples of allowable costs in CSFP include:

- (1) Storing, transporting, and distributing foods;
- (2) Determining the eligibility of program applicants;
- (3) Program outreach;
- (4) Nutrition education;
- (5) Audits and fair hearings;
- (6) Monitoring and review of program operations; and
- (7) Transportation of participants to and from the local agency, if necessary.

(b) *What are unallowable uses of administrative funds?* In addition to those costs determined to be unallowable by the principles contained in the OMB circulars referenced in paragraph (a) of this section, specific examples of un-

allowable uses of administrative funds in CSFP include:

(1) The cost of alteration of facilities not required specifically for the program; and

(2) Actual losses which could have been covered by permissible insurance (through an approved self-insurance program or by other means).

(c) *What costs are allowable only with prior approval of FNS?* Capital expenditures, which include the acquisition of facilities or equipment, or enhancements to such capital assets, with a cost per unit of at least \$5,000, are allowable only with prior approval of FNS. Examples of equipment include automated information systems, automated data processing equipment, and other computer hardware and software.

(d) *What procedures must State and local agencies use in procuring property, equipment, or services with program funds, and disposing of such property or equipment?* The procedures that State and local agencies must follow in procuring property, equipment, or services with program funds, or disposing of such property or equipment, are contained in parts 3016 and 3019 of this title. State, local, and Indian tribal governments must comply with part 3016 of this title, while nonprofit subgrantees must comply with part 3019 of this title. State and local agencies may use procurement procedures established by State and local regulations as long as these procedures do not conflict with Federal regulations. Federal regulations do not relieve State or local agencies from responsibilities established in contracts relating to procurement of property, equipment, or services. The State agency is the responsible authority regarding the settlement of all contractual and administrative issues arising out of procurements for the program.

(e) *What is program income and how must State and local agencies use it?* Program income is income directly generated from program activities. It includes, for example, income from the sale of packing containers or pallets, and the salvage of commodities. Program income does not include interest earned from administrative funds. State and local agencies must use program income for allowable program
