§ 319.37–11 Arrival notification.

Promptly upon arrival of any restricted article at a port of entry, the importer shall notify the Plant Protection and Quarantine Programs of the arrival by such means as a manifest, Customs entry document, commercial invoice, waybill, a broker’s document, or a notice form provided for that purpose.

(Approved by the Office of Management and Budget under control number 0579–0049)

§ 319.37–12 Prohibited articles and articles whose importation is not authorized pending pest risk analysis accompanying restricted articles.

A restricted article for importation into the United States may not be packed in the same container as an article whose importation into the United States is prohibited by this subpart or in the same container as an article whose importation is not authorized pending pest risk analysis under §319.37–2a of this subpart.

[76 FR 31210, May 27, 2011]

§ 319.37–13 Treatment and costs and charges for inspection and treatment; treatments applied outside the United States.

(a) The services of a Plant Protection and Quarantine inspector during regularly assigned hours of duty and at the usual places of duty shall be furnished without cost to the importer. No charge will be made to the importer for Government owned or controlled special inspection facilities and equipment used in treatment, but the inspector may require the importer to furnish any special labor, chemicals, packing materials, or other supplies required in handling an importation under the regulations in this subpart. The Plant Protection and Quarantine Programs will not be responsible for any costs or charges, other than those indicated in this section.

(b) Any treatment performed in the United States on a restricted article shall be performed by an inspector or under an inspector’s supervision at a government-operated special inspection facility, except that an importer may have such treatment performed at a nongovernmental facility if the treatment is performed at nongovernment expense under the supervision of an inspector and in accordance with any applicable treatment requirements of this subpart and in accordance with any treatment required by an inspector as an emergency measure in order to prevent the dissemination of any quarantine pests. However, treatment may...
